INTRODUCTION

Welcome to **LAMDA TELECOM**

Lamda Telecom was established in 2019 and provides IT services & Technology Solutions in terms of Surveillance Solutions, Access & Attendance Control, Parking & Turnstile Access, Under Vehicle Screening, Fire Detection & Suppression, Home Security & Burglar Alarm, Video Door Phone & Intercom, Public Address System & PABX, Security Devices and Software Integration. We handle various Corporate, Distributional, Govt. And Armed Forces based projects in Bangladesh.

The aim of Lamda Telecom is to offer IT consultancy, a wide arrange of products and services for both customers and other businesses. Our main purpose is to utilize the newest technology to develop our nation according to the other developed countries.

MISSION

Dedication to providing quality service, technical solution and services to our customers. We will strive to implement a long term relationship with our clients, based on safety, quality, timely service and an anticipation of their needs. To help fulfil this mission, we will treat all employees fairly and involve them in the quality improvement process to insure responsiveness and cost effective work execution.

VISION

Our main moto is to utilize the newest technology to develop our nation according to the other developed countries. Our automation solutions are the world standard, high end solutions which will digitize your restaurant system, save time for taking orders, reduce human errors & increase order accuracy. Besides it will accurate your business reports because It allows the management to monitor sales, credit, stock, inventory, most selling items, other areas to determine the profits or losses that have incurred, helping them make decisions for the betterment. Full-fledged POS software makes this whole process simpler, easier and faster. It reduces paperwork and enhances accuracy. That system allows restaurants to easily change their menu, reduce the wait times, and facilitates customers with multiple payment options with accuracy through cash, card, cheque or account. This means that they can offer quick and better service, leading to more satisfied customers.

VALUES

SAFETY: We belive SAFETY must be at the forefront of all our decision-making.

HONESTY: We belive HONESTY is an integral part of our working relationships.

INTEGRITY: We believe INTEGRITY is at the heart of our individual and corporate actions.

RESPECT: We believe RESPECT to each other will guide us in all our decisions.

TEAMWORK: We believe TEAMWORK empowersour individual strength.
