Hi Everyone,

This is Sayeed From Datadvanced Bangladesh, I would like to introduce our company to the people who are seeking for a good and skills software development company. We have the latest information skills/experiences and excellent human resources. We promote business with our strong spirit that is to fulfil customers' requests at all times. Our company also creates what customers need to realize the glamorous dreams they have. As a result, we contribute to rendering an affluent society. These are our motivations.

Syed Abu Sayeed

Founder & CEO

Datadvanced Bangladesh

**At Datadvanced Bangladesh,
we make it our mission to
know your business
requirements inside and out.**

INTRODUCTION

Datadvanced Bangladesh exceeds the basic idea of a mere service provider for its clients. Using technology comprehension with business acumen, Datadvanced Bangladesh believes in empowering businesses with user-friendly solutions with the right technology to enhance their productivity.

COMPANY OVERVIEW

1

Who We Are

Datadvanced Bangladesh is an IT Services provider with a team of experienced professionals dedicated Web Development and IT Consultancy that specialise in providing highly useable, business focused software and web solutions. We have been providing software design, Web development and Consultancy services to a range of organisations across Bangladesh since 2021.

Our Vision

2

We at 'Datadvanced Bangladesh' not only aim to provide high quality software and services but also believes in encouraging others to make the most of developments in Information Technology. We feel that IT has the potential to benefit many individuals and organizations. 'Datadvanced Bangladesh' wants to help people overcome the barriers to realize this potential.

3

Our Mission

Since 2021, we have been committed to delivering excellent, innovative digital projects completed to the highest possible standards by our fully qualified and experienced staff.

OUR SERVICES

We've got everything
you need to launch
and grow your
BUSINESS.

Web Designing and Development

We develop creative and mobile-responsive websites that bear user-friendly experience and higher conversion rates.

E-Commerce Solution

We provide you with a complete business solution, right from strategic planning to digitalized realization of your business idea.

Data Structure Consulting

Improve your business efficiency by planning, prioritizing and guiding your digital transformation initiatives.

Mobile Applications

Phones, tablets, and wearables have never been hotter. We try to meet all business demands for mobile app development.

Graphic Designing

A good design makes a good impression on the potential clients. Be it a logo, or a promotional graphic, we cater to all your designing needs.

Cloud Computing

Design a cloud platform that is secure, scalable, extensible, and manageable, and craft an appropriate cloud operating model to further gain agility and cost savings and fully take advantage of the cloud's virtues.

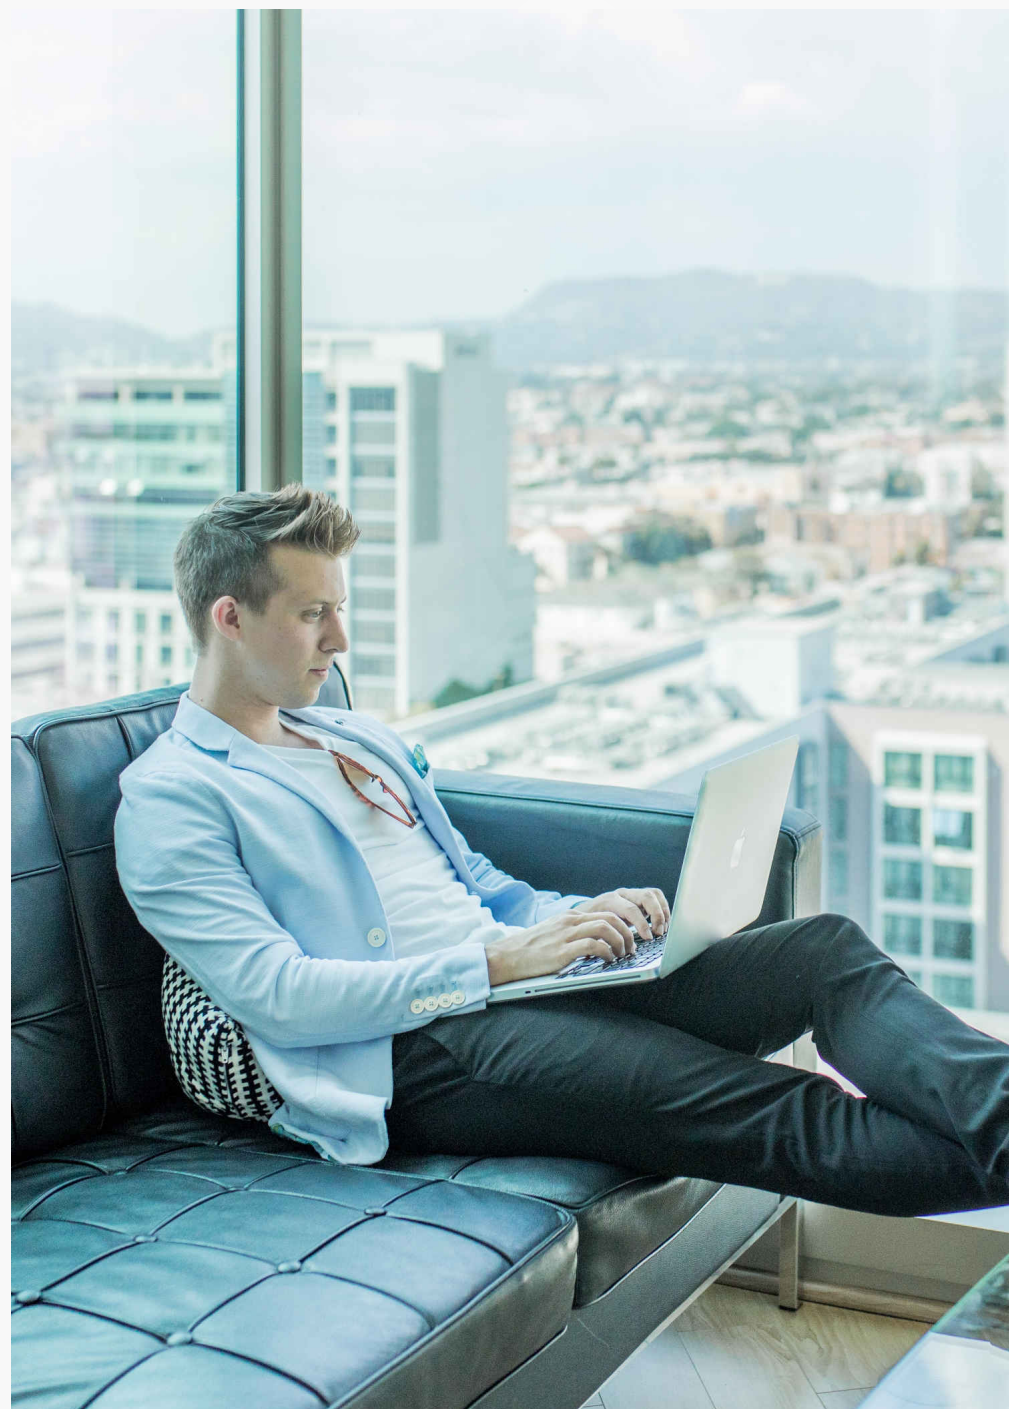

We are a creative group of people who design influential brands and digital experiences.

By providing unmatched services, Vanced Solutions, since 2000, has excelled in solving client's challenges whether it is to outsource web design and development.

Datavanced Bangladesh as your Digital Marketing Consultant

Do you have a small or medium-sized business? Started your business and want outstanding business presence in search engine with unique brand identity? Vanced can help you and your business through digital marketing consulting and strategies to boost sale and brand visibility.

- Free Digital Marketing Consultation for Start-ups
- Digital Marketing Strategy which Suits your Business Need
- Goal-Oriented & Result-Driven Digital Marketing Plan

MEET MY TEAM

Datadvanced Bangladesh exceeds the basic idea of a mere service provider for its clients. Using technology comprehension with business acumen, Datadvanced Bangladesh believes in empowering businesses with user-friendly solutions with the right technology to enhance their productivity.
