About Us

NGiT is a company specialized in home & commercial automation, AI based products, advanced surveillance system & advanced technical solutions. It is a concern of Polock Group, established in 1999. Polock group is an interior design & realty management company. To expand their services, Polock group introduced NGiT to provide intelligent solutions in 2015.

Our AI based surveillance system ensures maximum security at minimum effort. Our smart security system gives you the opportunity to manage access control, perimeter security, parking management, video surveillance.

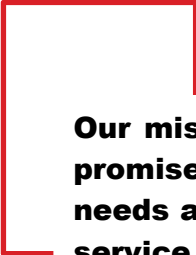

Our company is organized with a group of young creative engineers, as we are always ready to meet different challenges for current contexts. Our advanced technical solution team provides services on smart education system and many more.

OUR MISSION

Our endeavors to become Recognized as the benchmark of Outstanding service in the service Industry. We pride ourselves on Bringing results that count in everything that We set out to do and we are constantly striving for successful outcomes in all areas of our business.

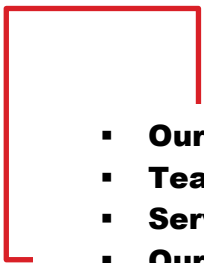

OUR VISION

Our mission is to provide exceptional service and to follow through on our promises. We will strive to deliver individualized solutions to all our client's needs and add value to our clients. Our team are focused on providing great service and forming lasting relationships with our clients. We will be judged not only by our words but by our actions.
