**Office: Road #03, House #237 (2nd Floor),
Baridhara DOHS, Dhaka**

Introduction

Vcube started its journey in 2014 as an outsourcing company and set out to provide outsourcing services to foreign start-ups in the hi-tech fields of computer vision, machine learning and data science. Starting with a few employees, Vcube is now a team of 500 employees. In the year late 2021, Vcube was formed as a limited company.

Vision

Becoming a leader in Bangladesh in providing innovative IT-enabled services to the international market.

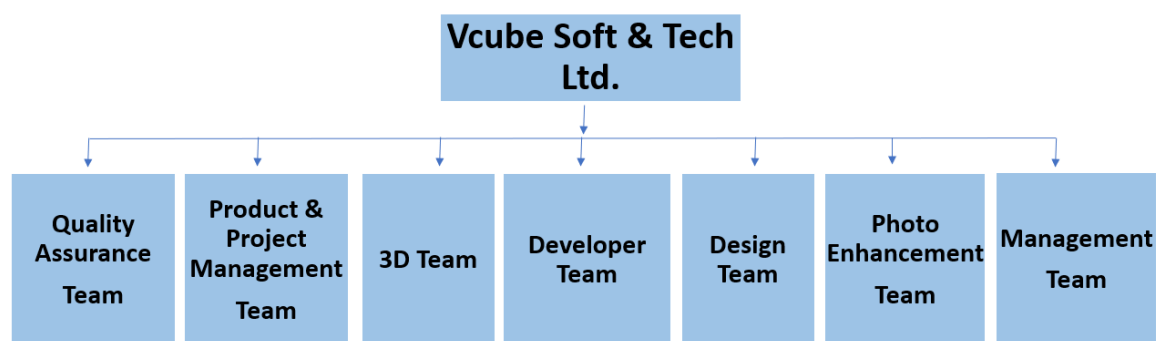

Mission

Providing quality services to customers efficiently and cost-effectively.

Infrastructure

We are located in Baridhara DOHS, one of the pleasant places in Dhaka with all modern facilities. Vcube enables companies to create a 24x7 support infrastructure that helps in customer and revenue retention and growth. We approach technical customer support holistically and integrate with technologies that ensure productivity.

Company Organogram
