

Intro of TS4U- We believe in Transformation for everyone in the age of Digitilization. This is the reason our company name is: TS4U: Transformation Service 4 U.

TS4U limited is a software development company, IT service provider, and IT training provider in Bangladesh. It has been working with Tech Serve4 U, LLC, in the USA, address 28751 Ryan Road, Warren Michigan since 2013.

Chairman, Shiblu Ahmad is an experienced IT professional with over 20 years of experience who had worked in the USA for over 10 years and started his IT software development, IT transformation, IT training, Job placement, and other IT professional services. By 2021, we have started the H-1B process, we have also conducted our first conference on the H-1B in Dhaka on December 25, 2021. The purpose of the H-1b is to apply for CSE Graduated with 2 years or more than 2 years experience to bring here, work, and settle their permanent life here. We have applied for 4 people this year 2022 for the H-1B processing after interviewing 20 people in Dhaka to select the final candidate list.

For our IT training and job placement, we have started actively Online from 2020, we have trained and transformed over 70 people who have little or no experience of prior IT but we have trained them and placed them in the USA corporate IT job successfully.

For the software development journey, we have developed the End2End IT training portal, mobile application, desktop application, and chat application under one platform, that is TS4U- Transformation Service 4 U, Training Service 4 U, Technology Service 4 U, our name means who we are and what we represent.

We plan to start our IT transformation in Dhaka to provide a unique IT journey to the serious candidate, after completing the program, they will be able to work under TS4U to serve our clients in the USA in one year to work under TS4U's full-time employee in Dhaka, BD.
