

About DOPPCALL

Our mission is to connect brands and publishers. The network helps businesses acquire more clients without extra costs and helps publishers earn commissions.

Who We Are

DOPPCALL is a Pay Per Call affiliate network that brings publishers and advertisers together. We help businesses acquire more clients without extra cost and help publishers earn commissions. With 5 years of experience in advertising, Our network consists of more than 50,000 publishers and 500+ advertisers in 200+ countries.

How We Generate Calls?

Our publishers generate calls using different methods. Such as search, social media, native ads, display ads, real-time SMS, Pre-screened transfers, billboard, TV, and radio.

Search

Our publishers run Google, Bing ads and SEO to generate high quality consumer-initiated inbound calls.

Social Media

We generate consumer-initiated inbound calls from Facebook, Instagram, Snapchat, et

Transfers

Publisher buy opt-data from vendors or they generate exclusive leads from their own website. Their agents dial to each lead and qualify the caller before transferring it to us/our buyer.

Web Form To Real Time SMS

Publisher driving traffic to their Basile through Google, Bing, Social media, native ads, display ads etc. When consumers land on the website, they have to fill out a form with their answers. Once the fill-up is done, publishers send them an automated SMS

TV & Radio

Our publishers are using TV & Radio to generate consumer initiated calls.

Display Ads

Display ads are placed on relevant third-party website in the form of banner, image and text ads.

Native Ads

Native advertising also called sponsored content. Our publishers promote ads on relevant websites to generate calls
