

éclat IT  
"Solutions for digital reality"

## About the company

In EclatIT, we are providing the power to our clients to instantly see, decide, act – and thrive. With the Slogan “Solutions for Digital reality” we understand how intensive the growth of AI (Artificial Intelligence) will provide us in all digital solutions. We are heavily investing on research on development in providing best possible software solutions to our clients. The founding Owner of EclatIT, Mr. Simon Zaman is a Business Graduate (MBA) from USA (American Alumni Association Bangladesh, AAA Member) and also a UK Law degree (University of London Alumni) holder who is keen to work in the IT sector which will be beneficial for the upcoming developers and small medium entrepreneurs, who want to digitalize their business in this competitive global market.

## Our Services

Just Say The Word, We Can Do It All!

In IT/Software business we are providing industry-leading suite of products across integration & API management, IoT & analytics and business transformation, we are here to create a fluid flow of data between people, departments, systems, and all smart devices. Highly educated management team from USA and UK provides us the upper hand in providing world class solutions to real organizational problems.

## A Step-By-Step Roadmap To Success One-Stop Digital Agency

We are working hard to become the vehicle that is aligned with the endeavor that the Bangladesh government is doing to make Bangladesh a digital nation. We want to be a part of that process so that the dream of Digital Bangladesh, which is to improve the lives of 17 million people, can become a reality.

## Web Apps

More than a decade of experience in developing web systems ranging from simple websites to big, scalable platforms. EclatIT can put together the ideal combination of web technologies for your product based on your company's individual requirements and goals.

## Mobile Apps

Currently, we live in a "mobile first" world. Modern enterprises almost always necessitate some kind of mobile app. In addition to developing and deploying cutting-edge hybrid or native apps on any app store, EclatIT specializes in a mobile-first design.
