

Company Profile

What We Do?

We develop mobile application platforms across different sectors including Healthcare, Travel and Tourism, Fintech and E-Commerce. We implement state of the art machine learning and recommendation systems for maximum user-friendliness.

Health Care

Soowgood is healthcare platform that aims to bridge the gap between healthcare professionals and patients, giving them the maximum point of contact with the doctors. The platform also aims on providing efficiency in their day- to-day practice for the providers and the convenience of scheduling appointment for their patients.

Booking System

Soowgood is healthcare platform that aims to bridge the gap between healthcare professionals and patients, giving them the maximum point of contact with the doctors. The platform also aims on providing efficiency in their day- to-day practice for the providers and the convenience of scheduling appointment for their patients.

E-commerce

River blue is an e-commerce site for organic foods and beverage. As the world recovers from a healthy crisis, it's important that we don't rush back to fast and processed foods. River Blue combines the health and wellness benefits of organic food with the convenience of any food deliver service.
