

Lalamove company profile

Lalamove was born to make on-demand delivery possible for everyone at the touch of a button. Through a single app, users could gain access to a wide fleet of suitable delivery vehicles helmed by professional drivers. Lalamove has become the strategic partner for businesses of all sizes to solve their last-mile delivery issues. From independent brick and mortar stores to restaurants, retail outlets and e-commerce companies, Lalamove helps businesses from a wide array of industries to scale and outsource deliveries based on their needs.

Founded in 2013 in Hong Kong, Lalamove is one of the world's fastest-growing tech companies with over 8 million users, 1,500,000 delivery drivers and a 1400+ strong team of diverse and empowered employees. Since our humble beginnings in 2013, our 24/7 on-demand delivery app has expanded to more than 30 markets around the world, with robust operation teams across 300 cities in Southeast Asia, China, and Latin America. As one of Hong Kong's homegrown unicorn startups, we are proud to employ some of the most passionate, talented and driven people in the industry.

Product and service details

Lalamove provides a delivery technology platform which facilitates delivery of goods from one location to another. As a result, Lalamove provides a logistics solution that makes on-demand, same day and scheduled deliveries possible at the click of a button through its mobile application and web portal.
