**Creating Specialized Media for the
Physically Impaired**

**Developing both Theoretical and
Practical Training Programs**

**Knowledge Transfer Solution
Development**

**Skill Development Programs via both
Traditional Methods as well as Innovative
Technology-based systems**

OUR INSPIRATION

According to Bangladesh Bureau of Statistics, almost 1.2% of the country's population, i.e. around 2 Million people, has profound hearing problems in 2021.

In Bangladesh, most people suffering from hearing impairment, do not have access to proper special education and are often met with discrimination.

According to UNESCO, people with disabilities are more likely to drop out of school before even completing their primary school education.

WHAT WE BELIEVE ?

At Pantomime, we believe, regardless of whether a person has any physical disability, equal levels of education should be available for all. This will improve the Quality of Life for anyone with a disability and lead them towards financial independence and the fastest way to attain this lofty goal is to better utilize the digital infrastructure

OUR CORE OBJECTIVES

● To aid any physically impaired students in learning not only the Sign Language, but the core educational curriculum

● To ease understanding of complex topics via creating, state-of-art, interactive lessons delivered through our applications

● To aid students with disabilities, cope with their academics

● To deliver a world-class education to someone with special needs, regardless of their means and nature of the disability.

SPROUT

Sprout is Pantomime's current flagship solution. It is a ICT-based solution aimed at providing a state-of-the-art learning platform for students with a hearing imparity

It is composed of both a web-based and mobile application that communicates via a network that connects a cloud server to multiple locally hosted data servers.

The application gives unprecedented access to students to a plethora of learning materials with UI/UX designed specifically with numerous accessibility features

Sprout

The current feature set of Sprout are:

The Basics of
Sign Language,
including

IT Specialist

Why Us?

We are solely dedicated to bettering the lives of people with physical disabilities by providing them with the platform and means necessary to educate themselves and get prepared to step out into the world.

"What We Hope to Achieve."

We aim to create platforms that will provide accessible education to physically impaired students across the globe regardless of their culture and the nature of their disability.
