## About Us

Hubar Tech is a software development company in Bangladesh that specializes in Telecoms Software services to both local and international clients. It is a sister company of UK-based Exos Systems Ltd. We are well-versed in a variety of operating systems, networks, and databases. We work with just about any technology that a small business would encounter. We use this expertise to help customers with small to mid-sized projects.

### Year of Establishment

---

2022

### Vision

---

Our vision is to be the leading provider of innovative software solutions that improve the efficiency and productivity of businesses around the world. We strive to empower our customers with cutting-edge technology and exceptional support, enabling them to achieve their goals and succeed in an increasingly competitive marketplace.

### Mission

---

Our mission is to develop innovative software solutions that improve the way people live and work. We strive to create intuitive, user-friendly products that are at the forefront of technology. We believe that by empowering individuals and businesses with the tools they need to be successful, we can make the world a better place. We are dedicated to continuously improving our products and services, and to providing exceptional customer support to ensure that our clients are always satisfied.

## ► Our Keys for Development

- Innovation
- User-focused design
- Collaboration
- Quality
- Continuous learning and improvement

## ► We Believe in

- ✚ We are committed to building high-quality software that is reliable, efficient, and easy to use.
- ✚ We value innovation and continuously strive to improve our products and services.
- ✚ We believe in the importance of teamwork and collaboration, and strive to create a positive and supportive work environment for our employees.
- ✚ We are committed to ethical and responsible business practices, and strive to make a positive impact on our community and the world.
- ✚ We believe in the importance of customer satisfaction and work hard to exceed our customers' expectations.

## Our Organizational and human Capability

### ▶ Customer Relationship

We prioritize customer satisfaction and work to build long-term, mutually beneficial relationships with our customers. We are responsive to customer inquiries and requests, provide clear and concise communication, and offer high-quality products and services. We are flexible and adaptable to changing customer needs and maintain a professional and respectful attitude toward our customers. By adhering to these principles, we aim to build strong, long-lasting relationships with our customers and contribute to their success.

### ▶ Quality Policy

At Hubar Tech Ltd, we are committed to delivering high-quality software products that meet the needs and expectations of our customers. In order to achieve this goal, we have established the following quality policy:

- We will adhere to industry-standard software development processes and best practices, including agile methodologies and continuous integration and delivery.
- We will use automated testing tools and techniques to ensure the quality and reliability of our products.
- We will prioritize customer feedback and continuously improve our products based on customer needs and expectations.
- We will provide ongoing training and professional development opportunities for our employees to ensure they have the skills and knowledge to deliver high-quality software.
- We will establish clear communication channels and processes to ensure that all stakeholders are informed and involved in the development process.
- We will prioritize the security and privacy of our customers, and take appropriate measures to protect the confidentiality, integrity, and availability of our products.

By adhering to this quality policy, we aim to deliver software products that meet the needs of our customers and contribute to their success.
