

COMPANY PROFILE

Pixamatics Technology Ltd.
Future | Innovation | Excellence

The Pixamatics Story!

Being a great place to work is the difference between being a good company and a great company.

Incepted in 2019 by a team of young expert software professionals, Pixamatics Technology Ltd. is one of the fastest-growing Software firms in Bangladesh, providing enterprise & customized web applications, software, and mobile application development services to both local and international clients.

Having a strong local presence in Banani, Dhaka Pixamatics has made its mark as a well-established and sound company driven by the industry's highly professional and trained individuals and is surely headed in becoming a leading organization that facilitates, enhances, and provides measurable business value through most effective uses of Technology and Resources to organizations globally.

Pixamatics – a tech company possesses both the experience and expertise to help companies or entrepreneurs reach their customers across the digital space. Our objective is to make business owners thrive in their online presence without being overwhelmed by technology. We do their work for them. We believe in providing maximum service output while minimizing the effort from our clients.

Pixamatics started its journey by providing custom web development solutions. Since then we gradually explored software development, technology consultancy, mobile application development, and provided elite class service to our customers. Companies ranging from large enterprises to small scale including entrepreneurs who realize they need a professional technological solution to generate more revenue and grow digitally are our clients.

Our focused, sound, and innovative approach is derived from the cumulative experience of our team members. As a result of their combined practical business experience with strong technology delivery capabilities, we can comprehend the client's business requirements, propose IT and creative strategies in line with the vision of the business and execute the business plan by building or implementing high-quality scalable business solutions through the use of latest cutting edge technologies.

REASONS THAT MAKE US YOUR PREMIER CHOICE

INTELLECT & EXPERIENCE

Highly skilled professionals with having experiences in diverse Business and Technology areas make up the Pixamatics team. To provide world class service, we employ the best engineers, adhere to proven methodology, provide superior client service and become a true business partner in every project.

OUR APPROACH

Our Roadmap to development is a collection of eight steps, each of which has its own significance.

1. Requirement Analysis
2. Forming a sketch
3. Designing
4. Making a blue print
5. Constructing
6. Testing
7. Deployment
8. Maintenance & Up gradation

COMMITMENT TO QUALITY

We believe in Quality service and our approach has been designed to provide the same. We listen carefully to our clients and provide space, time and materials according to agreement for the project. We are proud of our Technical and Creative capability and this emerges from taking time to get it right.

ON TIME DELIVERY

We invest the time up-front to clearly understand your needs and then manage projects to ensure they are delivered on time and within budget. This methodology expedites rapid successful implementation, limits uncertainty and keeps the customer always aware of development progress at our end.

TRACK RECORD

We have handled small - large scale projects and have over the years implemented solutions for numerous organizations of all sizes. Our growing list of satisfied customers' not only act as our excellent references but are also a source of our repeat business.

TEAM LEARNING

Maintain continuous improvement by promoting a learning environment, and ensuring that our employees are exposed to, and trained on state-of-the-art technologies. Our software development process is continuously monitored and improved to maximize productivity.
