

Capabilities of LogiQbits

**Build Startup Solution From Scratch | Smart Enterprise Solution | Smart SME Solution |
Business-IT Advisory /Consultancy | Offshore Development**

Our Vision

- ❖ To become a trusted name as one-stop solution provider for Startup companies.
- ❖ To enable majority of retailers as D-Commerce user with innovative solution at affordable price.
- ❖ Build Industry specific smart-software solutions for Business-Management across SME to Enterprise industries with the leverage “use global-standard software at local price”.

Our Mission

- ❖ All our solutions’ design & architecture developed in a scalable way, so that it can be taken to the next level without reconstructing the software.
- ❖ We maintain global standards, modern concepts & emerging technologies that maximize profitability by resolving Business challenges /pain points.
