Management Team

Md. Ruhul Amin
Chief Executive Officer

Our strength is that we have the passion and will to perform great service for customers who entrust work to us and to meet their expectations. We also have staff members who share our passion and resolve.

SM Hafiz Uddin (Robin)
Chief Operating Officer

COMPANY PROFILE

Digitech Computers is a professional IT services company based in Dhaka located in Agargoan, which specializes in providing cost effective and high value IT management and business solutions. We help our clients with the selection, installation and maintenance of their complete IT Infrastructure that runs their business. We have an experienced technical and management team, a sound financial base and the expertise and speed to help our clients achieve faster corporate growth.

Established in 2004, Digitech Computers has maintained a strong reputation as an IT Solutions Provider and a Business Consulting Firm which can be depended upon to deliver rapid results for our clients. This reputation has enabled us to build an enviable list of over 100 satisfied clients that includes some of the Top 1000 companies in the country.

Digitech Computers provides a full suite of Professional IT Services, encompassing all phases of the IT Infrastructure Project - the planning - the assessment and selection - including all phases of implementation and integration. In projects for up gradation we take care of optimization and support.

All our products and services can be customized to meet diverse client requirements. We deliver efficiently and punctually thus enhancing clients' value and their IT investment return.

COMPANY OVERVIEW

Digitech Computers is an Information Technology Consulting Company specializing in the delivery of dependable and comprehensive IT Solutions

Since its inception in 2004 Digitech Computers has proved itself and consistently provided a full range of IT Business Consulting Services. Digitech provides IT Business Solutions for Financial Services and Realty Industries - Healthcare - Manufacturing - Infrastructure - Data Centers and BPO - Education - Hospitality, etc.

We have a pretty straightforward motto: "Provide the Best IT Solutions with Superior Level of Service at the Most Affordable Cost"

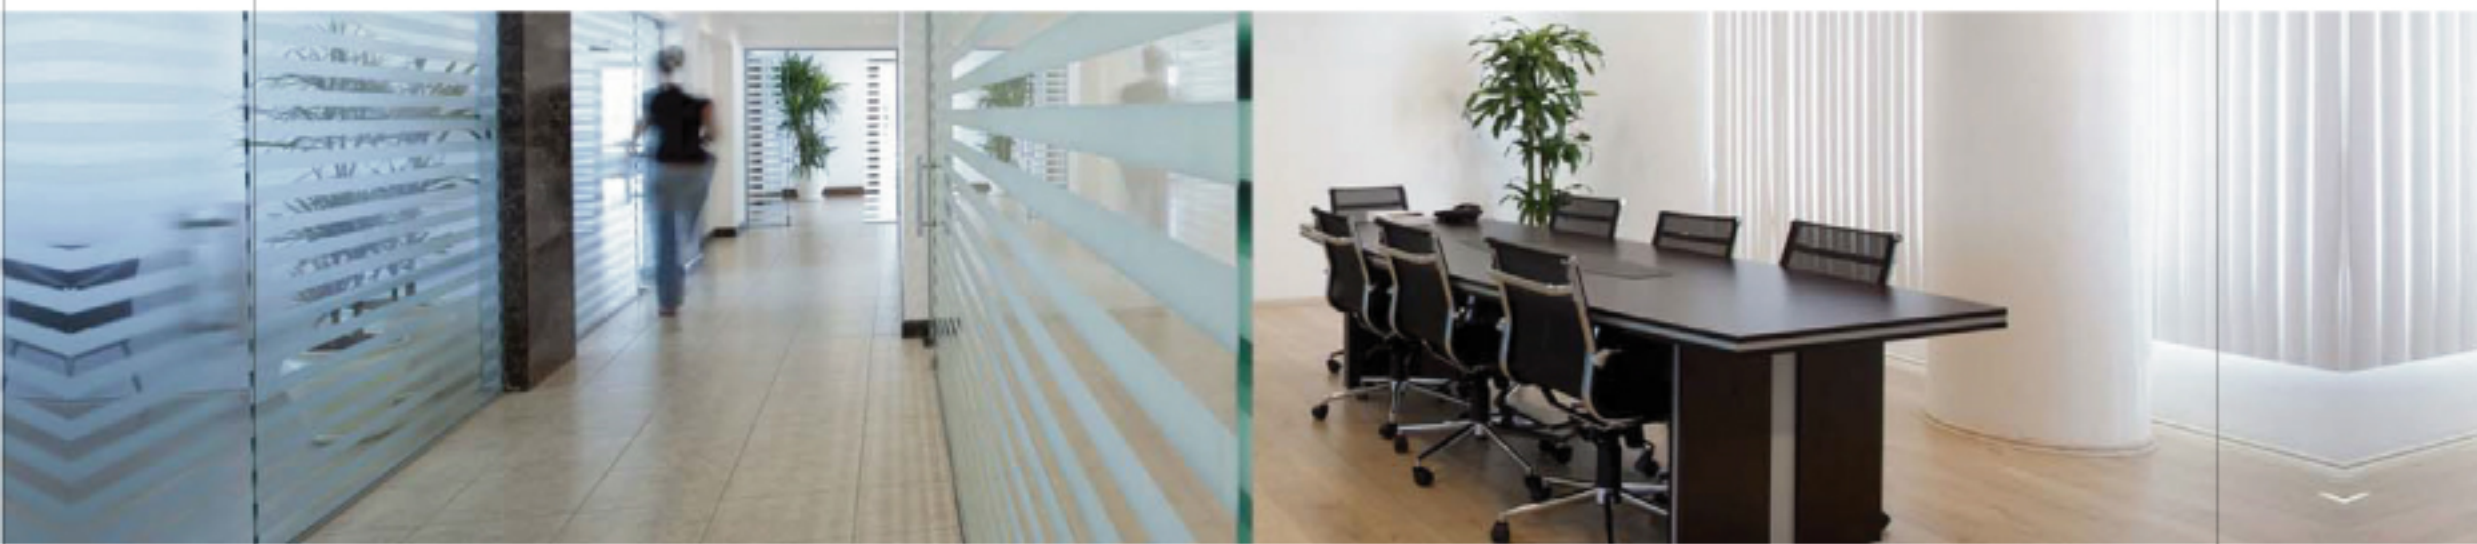

In pursuit of this mission Digitech Computers has divided its internal structure into Client Need Assessment - Selection, Procurement, Supply and Installation / Maintenance.

Digitech employs an experienced team of well-informed project managers and technical engineers whose combined knowledge and practical experience in this fast moving and rapidly changing industry gives us an unparalleled advantage over our competitors.

DIGITECH WORKPLACE

Digitech Computers is a focus on skills and development. We are dedicated to unlock the potential of all our employees through continuous skill development and in-house training. With the skill development of all our employees, we foster a productive and vibrant workplace in order to accelerate growth. Digitech Computers' ever increasing workforce is aligned with its rate of growth and is continuously focused on the latest technology to improve the quality of all services and products that we offer.

DIGITECH COMPUTERS BUSINESS

Digitech is dedicated to doing business in an ethical and sustainable manner to meet the needs of a vast range of businesses and industries. Digitech businesses range from small and medium enterprises (SMEs) to large global enterprises. We combine our industry knowledge, expertise and best practice with our clients' needs to design and develop tailor-made solutions dependent on your requirements. We recognize that people are part of IT and that the effective combination of these two, contributes to the success of any business.

As an advanced technology service provider, we keep abreast of the latest technology to securely enhance your business. Our in-depth knowledge and expertise ensure we are able to provide guidance as to what is possible, practical and cost-efficient.

OUR VISION AND MISSION

Vision:

Digitech Computers' vision is to become the leader of choice for solutions, regardless of the industry. We want to empower and unleash the potential of all our customers.

Mission:

Digitech Computers' mission is to build long term relationships with our customers, to provide exceptional services that exceed expectations, by pursuing business through innovation, advanced technology and adding value.

DIGITECH COMPUTERS PRODUCT

Overview:

Technology is emerging as the primary driver of efficiency and profitability. Digitech Computers' team and unique blend of IT expertise, can help your company to gain that competitive edge in the market. Digitech Computers strives to build long term relationships and to provide quality products and services that will exceed the expectations of all our customers.
