CORPORATE OVERVIEW

Who We Are... Nifty Informatics Limited is a customized software service firm located in Dhaka, Bangladesh. We have extensive experience in many diverse areas of software development. Our experienced staff of professionals has worked with a wide array of platforms, languages, and tools in the course of our various projects.

What We do... Quite simply: we write code. However, unlike most software companies, we realize that's only part of the job. We don't just write code... We develop professional software. This is why our clients choose Nifty Informatics Limited. Many companies can find programmers to generate code. However, few have the experience to produce professional quality software programmers.

Our ability to develop code is only the beginning of our capabilities. Being a customization based firm, Nifty Informatics Limited is able to provide our clients a variety of services. **A few of the services available from Nifty Informatics Limited include:**

- **System Architecture and Design**
- **Software Development**
- **Project Management**

EXPERIENCE/ CLIENT LIST

Currently the Company has service agreement with Streams Tech Ltd., a Bangladeshi Company which is engaged in custom software development and environmental consultancy services to government and commercial clients. Along with this, Nifty Informatics Limited is currently on the process of on-boarding new clients.

CONCLUSION:

Great workplaces empower employees and influence greatness. They make people feel connected and inspired. They are places employees want to engage *with*—not places where engagement is forced upon them. We ensure that environment and that makes all the difference, which leads us to be the safe hand for your IT concern.
