About Us:

ELEKTRONIX IT TECH SOLUTIONS is a leading provider of IT-enabled services in Bangladesh. We specialize in the design, development, and implementation of data warehouses, business intelligence (BI) solutions, and software applications. We also offer a wide range of project management, operations, and management services.

Our team of experienced professionals has a deep understanding of the latest technologies and trends. We are committed to providing our clients with the highest quality services and solutions.

Services:

- ◆ DWH/BI Architecture, Design & Implementation
- ◆ ETL/ELT Development, BI Development, Report Visualization
- ◆ Project Management
- ◆ Operations & Management Services
- ◆ Software Development

Vision:

To be the leading provider of IT-enabled services in Bangladesh.

Mission:

To provide our clients with the highest quality services and solutions that meet their specific needs.

Tools and Technology:

We use the latest tools and technologies to provide our clients with the best possible service. Some of the tools and technologies that we use include:

Power BI

Power Automate

Power APPS

Power Virtual Agent

What Makes Us Different:

We are different from other IT-enabled services providers in Bangladesh in a number of ways. We offer a wider range of services, we use the latest tools and technologies, and we are committed to providing our clients with the highest quality service.

We are also different in our approach to customer service. We believe that customer service is not just about providing technical support. It is also about understanding the needs of our clients and providing them with the solutions that they need to succeed.
