Provisit **ProVisit – Field Force Tracker App**

Field Task Tracker is an app designed for businesses and organizations to manage and track their field workers. It provides an easy and efficient way to manage tasks, schedule appointments, and monitor employee progress. With Field Task Tracker, businesses can save time and money by streamlining their operations and ensuring that their employees are working efficiently.

One of the key features of Field Task Tracker is the ability to assign tasks to employees, which can be tracked and monitored in real-time. This helps to ensure that all tasks are completed on time and to the desired standard. Additionally, the app provides an easy way to view task status, so that businesses can quickly see which tasks are completed, and which ones require further attention.

Another benefit of Field Task Tracker is that it provides businesses with detailed reports and analytics, which can be used to improve their operations. These reports help businesses to identify areas for improvement, and to make data-driven decisions.

KEY DELIVERABLES

- ✓ Developed Full Backend codebase

Inventory management system

Inventory management software is software designed to track and manage items through various stages along the supply chain.

1. Security Module
2. Master Setup Module
3. HR Module
4. Payroll
5. Purchase
6. Sales
7. Inventory
8. Accounting

HRM

Modules:

1. Admin Module
2. PIM Module
3. Time/Attendance Module
4. Leave Module
5. Payroll Module
6. MIS
7. Dynamic Reporting

The screenshot displays the 'easyhrm' web application interface. On the left is a dark sidebar with a menu containing 'Dashboard', 'Admin', 'PIM', 'Leave', 'Time', and 'My Info'. The main content area has an orange header with 'easyhrm' and navigation tabs for 'Employee List', 'Add Employee', and 'Reports'. The 'Add Employee' tab is active, showing the profile for 'Isahaque Miah'. The profile includes a 'profile picture' placeholder and a list of sections: Personal Details, Contact Details, Emergency Contacts, Dependents, Immigration, Job, Salary, Tax Exemptions, Report-to, Qualifications, and Memberships. The 'Personal Details' section is expanded, showing fields for 'Employee Full Name*' (Isahaque, Middle Name, Miah), 'Nickname', 'Employee Id' (101), 'Blood Type' (dropdown), 'Driver's License Number', 'License Expiry Date' (10/01/2025), 'SSN Number', 'SIN Number', 'Nationality' (dropdown), 'Marital Status' (dropdown), 'Date of Birth' (10/01/2025), and 'Gender' (radio buttons for Male and Female).
