01 Introduction

The National Board of Revenue (NBR) has decided to trim the National Single Window(NSW) project detecting its overlapping components. The project will be completed by 2027. In August 2018, the NBR signed a memorandum of understanding (MoU) with 38 departments of Bangladesh Government and entities to implement NSW.

Client: The National Board of Revenue (NBR).

Service provider: Webb Fontaine Group FZ-LLC (a UAE company with no physical presence in Bangladesh).

Services: Bangladesh Single Window (BSW) software solution and Automated Risk Management System (ARMS), including design, supply, installation, configuration, setup, testing, related services, and training. The set-up of a call centre is also included. This is an IT project, and all the R&D services are performed by Webb Fontaine Group FZ-LLC from abroad.

Local services:

I.The local part of the IT services described above will be subcontracted by Webb Fontaine Group FZ-LLC to its local subsidiary Webb Fontaine Bangladesh Limited.

II.Liaison with users and local stakeholders including NBR, NBR satisfaction, provision of feedback, staff, purchases, local help desk, etc.

02 Identification

Our services

Customs Webb

The ultimate customs management system that powers the customs clearance process through simplified procedures. It leverages AI to automate processes and assist officers in identifying high risk transactions, optimizing resources and securing revenue.

Webb Fontaine works in collaboration with customs administrations to tailor the system to the country's needs.

KEY FEATURES

- Open-Source Technology
- Multi Language Functionality
- Full AI Integration
- Advanced Reporting

BENEFITS

- Reduces errors through automated price identification
- Enables effective risk management with smart profiling
- Improved Efficiency through transparency and predictability
- Ensures 100% integrity and reduces corruption with audit trail
- Optimizes revenue collection through reduced revenue leakage
- Reduces risk of fraudulent transactions with fraud optimization

KEY FIGURES

- 97% Increase in Customs Revenue
- 33% Increase in Customs Declarations
- 4 hours Pre-clearance process (from 72 hours)

Our services

Electronic Single Window

Our digital platform streamlines Trade's pre-arrival documentation for traders and government agencies. By interconnecting multiple administrations, it reduces costs and enhances transparency.

Improve your country's international trade reputation and boost "World Bank Ease of Doing Business Index" with simplified documentation processes. Choose our platform to simplify your operations and boost efficiency.

KEY FEATURES

- AI Features
- 24/7 Help Desk
- Content Management System for Portal
- Customs Integration with Asycuda and other Customs Management Systems

BENEFITS

- Improved Efficiency
- Enhanced Compliance
- AI Based Risk Management
- Increased Trade Facilitation
- Trade Harmonization
- Increased Transparency
- Optimized Revenue Collection
- Improved Trade Data Collection
- Enhanced International Cooperation

KEY FIGURES

- Nepal-16,000+Phytosanitary certification are sent to UN World Food Program IPPC Hub
- Benin-46 License, permit and certificate types implemented
- Niger-3121 Foreign exchange control documents produced in 1,5 month
- Guinea-1.1 days for the Licenses to get final Approval

Our services

Port Community System(PCS)

A cutting-edge platform designed to facilitate the exchange of information and documents related to import and export consignments within ports, airports, and overland corridors.

KEY FEATURES

- Customs Integration with Asycuda
- Digital payment Integration
- Electronic Data Exchange

BENEFITS

- Improved efficiency of port operations
- Increased transparency in trade transactions
- Improved accuracy and completeness of data

KEY FIGURES

- 10% of containers exiting the port within 1 day from discharge to release
- 70% containers cleared within a week
- 100% ePayment of all port fees and customs duties and taxes by waybill on the same invoice
- resulting in faster release
- 30% containers exited within 4 days

Our services

Infrastructure Solutions

Webb Fontaine provides the necessary infrastructure to support the automation of Customs and trade procedures, including information and communication technology (ICT), data centres, power supply and office renovation.

Security and data integrity are guaranteed through compliance with safety standards and redundancy. Communication and operations are improved, as well as the global image of the country.

Our services

Smart Transit Tracking

An automated tracking solution that monitors the movement of cargoes by road or rail across national corridors. This powerful enforcement tool prevents the illegal dumping into national economies of goods declared in transit, without payment of import duties or conformity and legality verification.

Tracking provides peace of mind to governments that their economies and population are protected. Traders are assured that their cargo is safe along the way. Tracking data can be shared with neighboring Customs Administrations, which in turn acknowledge the arrival and entry of shipments.

Our services

Trade Compliance Solutions

Classification Services

We offer state of the art Classification Services to assist the international trading community identifying the most appropriate tariff classification for Customs purposes.

Accurate HS opinion

Proper estimation of landed costs

Resolution of classification disputes

Reduction of Customs penalty risks

Improvement of pricing databases

WEBB
FONTAINE

[illegible]

Our services

Commodity Inspection and Testing Services (CITS)

Our Commodity Inspection and Testing Services are tailored to respond to the ever-growing demand to promote global brand positions. Our services allow government regulation bodies, trading partners and customers to minimize exposures to risks and optimize trade potentials.

TESTING, INSPECTION, & CERTIFICATION MARKET

Our services

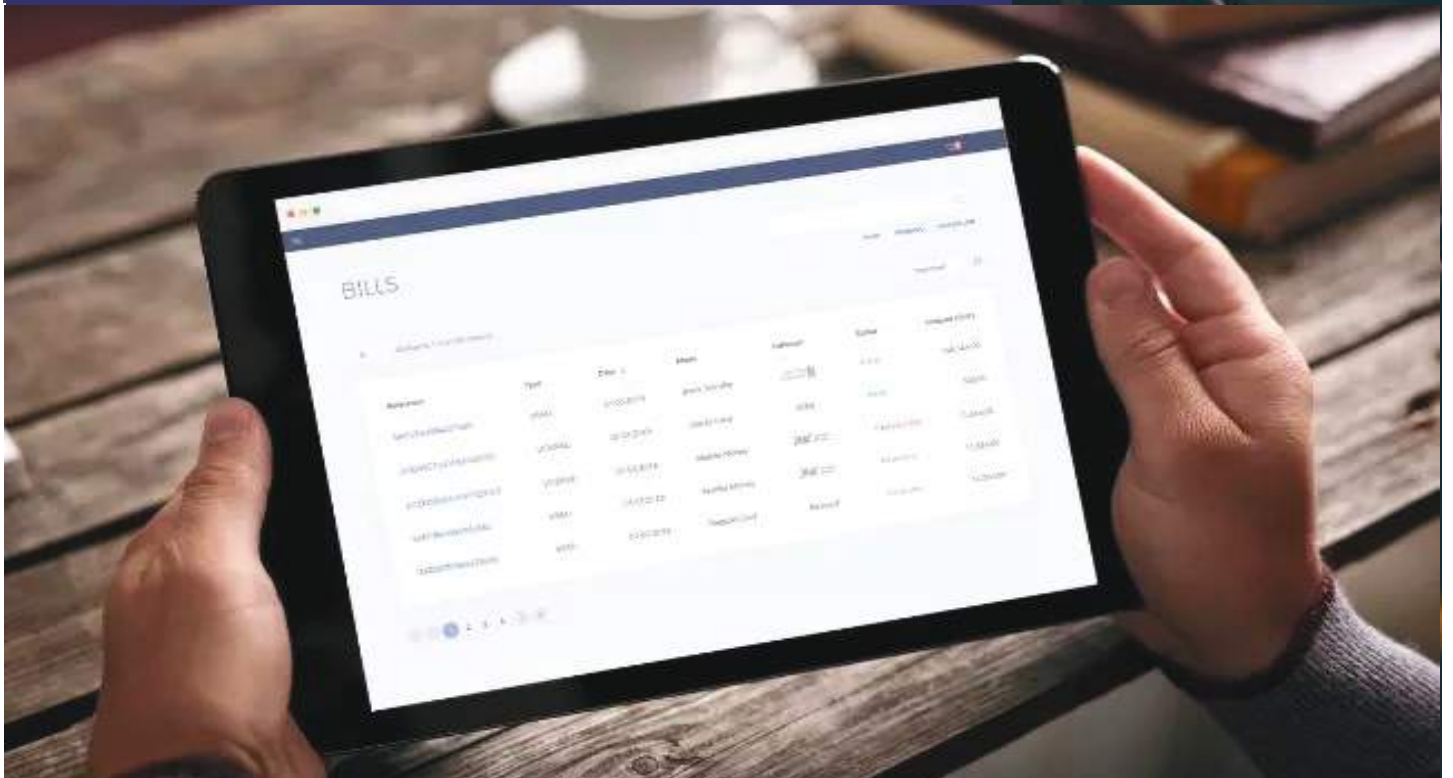

Online Payment

Our world-leading electronic payment solutions are specifically designed for Governments, Banks, Traders and Citizens to facilitate Trade and digitalise payment operations. Our partners are able to see real time ROI moving to electronic payment systems.

We believe optimal payment processes are key to successful Trade facilitation, and economic development. The system instils a 100% paperless environment, hence physical visits to administrations are no longer necessary. Productivity is improved, and higher standards of data integrity are reached.

Seamlessly bringing together electronic payment solutions with years of Trade facilitation expertise; simple and easy way to manage invoices, connect payment entities and audit payments.
