

Empowering Innovation Transforming Technology

Empowering lives with innovation, transforming industries, and advancing technology for a brighter, smarter future.

Introduction

OnnoRokom Projukti Limited (OPL), established in 2024 as the successor to OnnoRokom Software Ltd. is a sister concern of the renowned OnnoRokom Group. OPL is committed to addressing Bangladesh's unique challenges through innovative solutions with a strong focus on education and other critical sectors.

As a leading provider of software development, IT-enabled services and cloud infrastructure, OPL empowers businesses, government institutions and communities by driving digital transformation across the nation. Building on the legacy of OnnoRokom Software Ltd., OPL continues to deliver cutting-edge customized technology solutions with a dedication to excellence and innovation.

About Us

Specializing in software development, IT-enabled services and cloud infrastructure, OPL provides tailored solutions for businesses, educational institutions, government bodies and various other sectors. With a core emphasis on education, we strive to empower communities and drive progress through efficient, scalable and innovative technology services.

At OPL, we build upon the legacy of excellence established by OnnoRokom Software Ltd. ensuring that our solutions are not only advanced but also deeply aligned with local needs. Our commitment to innovation and client success makes us a trusted partner for organizations looking to harness the power of technology for meaningful change.

Mission & Vision

VISION STATEMENT

To be the leading technology-driven company in Bangladesh, focused on solving local challenges through innovation and creating a lasting positive impact on society and the economy.

MISSION STATEMENT

Our mission is to identify and address the unique problems of Bangladesh by developing innovative, homegrown technological solutions. We aim to drive sustainable digital transformation, empower businesses, institutions, communities and foster socio-economic progress through technology.

Core Values

INNOVATION

We are committed to continuous innovation, developing creative and effective solutions to address the unique challenges of Bangladesh.

IMPACT

Our work is driven by the desire to create deep, positive impacts on society and the economy, fostering long-term and meaningful change through technology.

EXCELLENCE

We strive for excellence in every project, delivering high-quality and reliable solutions that meet the needs of our clients and the nation.

INTEGRITY

We uphold transparency, honesty and ethical business practices in all our operations, ensuring trust and accountability with clients and partners.

SUSTAINABILITY

We prioritize sustainable solutions that not only solve current issues but also contribute to the long-term development and prosperity of Bangladesh.

COLLABORATION

We believe in the power of teamwork, partnering with clients, communities and stakeholders to co-create solutions that maximize positive outcomes.

LOCAL EMPOWERMENT

We focus on creating solutions that empower local businesses, institutions and communities, fostering self-reliance and technological growth within Bangladesh.

Our Services

Smart Campus Pro

Smart Campus Pro is a cutting-edge online school and college management software solution designed to revolutionize the administrative processes of educational institutions. With a user-friendly interface it simplifies tasks such as student enrollment, attendance tracking, grade management and communication between teachers and students.

SCP
SMART CAMPUS PRO

e-Recruitment Pro

e-Recruitment Pro is a cloud-based online recruitment system that handles the entire recruitment process online. It manages applications, collects examination fees, generates and distributes admit cards, creates seat plans and publishes exam results. The platform benefits both employers and applicants by simplifying the process and making it more accurate and reliable compared to traditional methods.

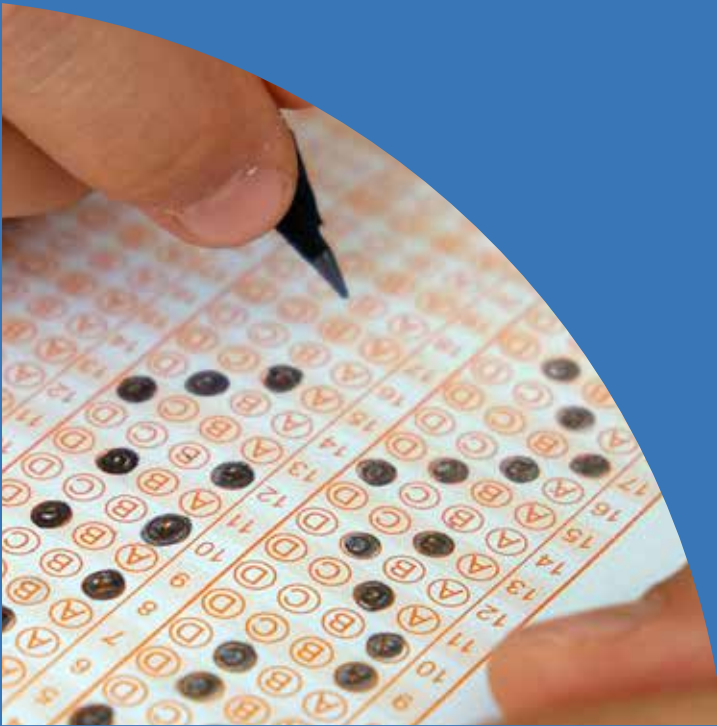

E - RECRUITMENT PRO

OMR SOFTWARE PRO

OMR Software Pro

OMR Software Pro is a special type of OMR software service that is used in evaluating MCQ answer scripts with 100% accuracy rate. It seeks to subdue the traditional OMR (Optical Mark Recognition) machine which always bears a high risk of error. As opposed to traditional OMR devices, our OMR Evaluation service ensures 100% accuracy and transparency in the evaluation process.

Smart Election Pro

Smart Election Pro is an all-in-one, advanced vote-counting software designed for organizations that conduct regular elections. With unparalleled accuracy, speed and transparency, Smart Election Pro ensures flawless vote counting and result announcements, making it the ideal solution for conducting free, fair and credible elections.

SMART ELECTION PRO

Key Development Principles

Our development practices are centered on core principles that ensure high-quality outcomes. We are committed to:

-  Aligning with your business goals
-  Maintaining strong security measures
-  Keeping solutions simple and user-friendly
-  Adopting open standards for greater flexibility
-  Simplifying business process innovation and management
-  Ensuring scalability, reliability, and extensibility for future growth
