Executive Summary

Fridaysoft Limited is a technology-driven private limited company established in 2025 with the objective of delivering innovative IT solutions, software development services, and digital transformation support for businesses and organizations. Headquartered in Dhaka, Bangladesh, the company focuses on providing reliable and cost-effective technology services to both local and international clients.

The company offers a wide range of services including custom software development, web and mobile application development, IT consulting, digital communication services, networking solutions, cybersecurity services, and hardware supply. Through its comprehensive technology services, Fridaysoft Limited aims to help businesses improve operational efficiency, enhance digital presence, and adopt modern technological solutions.

Fridaysoft Limited is led by an experienced leadership team committed to maintaining high standards of professionalism, transparency, and innovation. The company operates with a structured organizational framework and focuses on building long-term partnerships with clients through quality service delivery and technical excellence.

With a vision to become a leading IT solutions provider, Fridaysoft Limited plans to expand its services internationally, develop scalable digital platforms, and contribute to the advancement of technology and digital transformation in Bangladesh and beyond.
