Our Strengths

Japan & Europe Standard Quality

Maintaining Japanese standard quality since 2001.

Outsourcing Cost

Our offshore model greatly reduces the cost of software development and its price is almost half compared with India, China and even Vietnam.

Global Experience

Delivered 300+ projects successfully since 2001 to global clients in Japan, Europe and USA.

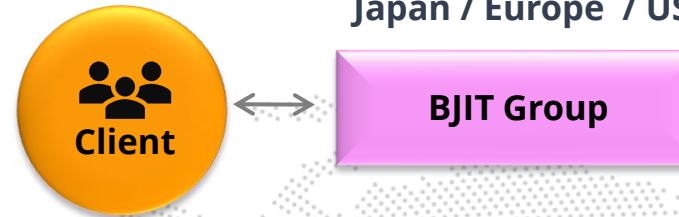

Global Setup

We have offices in Japan, USA, Finland, Singapore with offshore center in Bangladesh.

Business Operation Model

1. Onsite Engineering

- Onsite assignment
- Subcontract

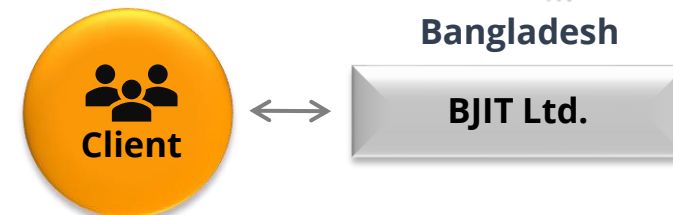

2. Offshore development with Bridge support

- Normal Japanese, European, US projects
- Cost benefit with same level of quality as international standard

3. Fully offshore development

- Team formed based on project requirement.
- Fixed size team (Small, Large) → Labo base contract.

Why you prefer Bangladesh

■ Why Bangladesh

- Political stability, Japan-Bangladesh Business Collaboration
- Compare with South Asia, Vietnam, China
 - Resource skills
 - Cost Effective
 - Attrition Ratio
 - Reliability & Commitment

■ Why BJIT

- Japan Bangladesh Joint Venture IT Company
- Focused on Japanese Environment
- Global experience
- Global Setup
- Best Outsourcing Company in Bangladesh

News (Japanese Minister Toshimitu Motegi visited BJIT)

➤ 14th January Visited BJIT

Toshimitsu Motegi visit's BJIT

Minister of State for Economic and Fiscal Policy of People's Republic of Japan Toshimitsu Motegi visited BJIT Head office on 14 January. During his visit he had some open discussion with JM Akbar (Founder of BJIT), Yasuhiro Akashi (Director) and top management of BJIT Limited. Motegi also talked with some BJIT's Students and engineers. Motegi shared his views regarding IT Industry, Future Technologies, Prospects of IT, a press release said. Founder of BJIT JM Akbar expressed his sincere gratitude to honorable minister for his kind visit to BJIT. Moreover, he also described the prospects of IT Industry on the context of Bangladesh & Japan. He highlighted the availability of Engineers in Bangladesh. He also

discussed about cultural and other similarities between Bangladesh & Japan. In past years how Bangladeshi

engineers are contributed in IT industry of Bangladesh & Japan & how BJIT become a good source of engineers for Japan. Director of BJIT Yasuhiro Akashi also shared his views with Motegi. He explained how Bangladeshi Engineers are performing in Japan. He also highlighted the skills and knowledge of Bangladeshi engineers. He also explained the future plans of BJIT to meet the requirement of Japan. In the end Toshimitsu Motegi expressed his sincere thanks to BJIT management and BJIT engineers for their wonderful contribution in the IT sector both in Japan and Bangladesh. He wished all the success of BJIT in the upcoming future. BJIT management also thanks Honorable Minister for his precious time and visit to BJIT.

➤ 15th January meet with PM

daily sun

State Minister for Economic and Fiscal Policy of Japan Toshimitsu Motegi poses for a photo after visiting Bangladesh Japan Information Technology (BJIT) head office at Baridhara in the capital on Monday. Japanese Ambassador in Dhaka Hiroyasu Izumi, high officials of JICA and JETRO and founder of BJIT JM Akbar were also present on the occasion.
