

Company Profile

Executive Summary

OneWorld InfoTech is a globally recognized ISO 27001 and ISO 9001 certified cybersecurity and IT infrastructure solutions provider. OneWorld InfoTech started its journey in 2006. With over 15 years of experience, we specialize in delivering cutting-edge cybersecurity solutions, IT infrastructure services, and digital transformation strategies that help enterprises safeguard their digital assets, ensure regulatory compliance, and optimize IT efficiency.

Headquartered in Dhaka, Bangladesh, OneWorld InfoTech has built a strong reputation for providing enterprise-grade security solutions, risk management frameworks, and highly scalable IT infrastructures. Our deep expertise in cybersecurity, governance, risk management, and IT service optimization enables us to support organizations in navigating the complexities of an evolving digital landscape.

Our global team of industry veterans brings extensive expertise from leading technology firms, regulatory bodies, and defense organizations. We partner with banks, financial institutions, regulatory bodies, and enterprises across multiple industries, delivering innovative, result-driven IT and security solutions that protect, optimize, and accelerate businesses.

Competitive Differentiators

At OneWorld InfoTech, we distinguish ourselves through:

- ▣ **Comprehensive Cybersecurity Expertise** – We offer end-to-end security solutions tailored to modern enterprises.
- ▣ **Regulatory Compliance Mastery** – We specialize in ISO 27001, PCI DSS, NIST, and local regulatory security frameworks.
- ▣ **Enterprise-Grade IT Infrastructure** – Robust solutions spanning cloud, virtualization, data centers, and enterprise applications.
- ▣ **Highly Experienced Leadership** – Led by industry experts with experience in Oracle, IBM, military cybersecurity, and financial services.
- ▣ **Client-Centric Approach** – Deep collaboration with customers to design scalable and cost-effective IT solutions.
- ▣ **Strategic Technology Partnerships** – Alliances with global cybersecurity and IT leaders ensure world-class solutions.
- ▣ **Global Delivery Model** – Serving enterprises across North America, and South Asia.

Vision & Mission

Our Vision

To be the most trusted IT and cybersecurity solutions provider, addressing the evolving needs of global enterprises.

OneWorld InfoTech

House No # 71 (2nd Floor), Road No # 27, Gulshan-1, Dhaka-1212
Raz Bhaban, 29 Dilkusha Area (9th Floor), Motijheel, Dhaka-1000

Our Mission

To deliver world-class, business-driven solutions that empower organizations to achieve success in a digital-first world.

Core Values

- **People** – We foster a culture of collaboration and professional growth.
- **Quality** – Excellence is the standard in all our solutions and services.
- **Integrity** – Ethical practices and transparency drive our business.

Leadership Team

Mrs. Anzuman Ara Begum

Proprietor

Mrs. Anzuman Ara Begum has over 30 years of experience in business management across multiple industries. As a strong advocate of corporate values—People, Quality, and Integrity—she ensures these principles are deeply embedded in the company culture. She is also actively involved with business associations such as the Bangladesh Women Chamber of Commerce & Industry (BWCCI).

Engr. S.O.M Kalim Ullah

Executive Director & Mandatee

With over 30 years of industry expertise, Mr. Kalim Ullah has a distinguished career, including serving as Managing Director of BTCL (formerly BTTB). A graduate of Chittagong University's Engineering faculty, he is a Life Fellow of the Institute of Engineers, Bangladesh (IEB), and currently leads sales and operations at OneWorld InfoTech.

Maruf Ahmed

CEO & Global Director - Technology & Services

Mr. Maruf Ahmed brings over 25 years of experience in the IT industry, having held key roles at Oracle and IBM in the United States. A globally recognized thought leader in cybersecurity and enterprise technology, he has contributed to digital transformation initiatives worldwide. He is also the Bangladesh Chapter President of ISSA (Information Systems Security Association) and an alumnus of Carnegie Mellon University's CISO executive program.

Sazia Afreen

Director - Technology

Ms. Sazia Afreen has over 20 years of IT industry experience, with a background as a Principal Engineer at Oracle. She holds advanced degrees in Applied Physics & Electronics (Bangladesh) and Computer Information Systems (USA), specializing in Business Intelligence and Database Management.

B.M. Zahid-ul Haque

Director & Chief Operating Officer (COO)

With over 22 years of expertise in cybersecurity, IT governance, and digital banking transformation, B.M. Zahid-ul Haque is a recognized leader in risk management, regulatory compliance, and cyber resilience. He has held key roles, including CISO at BRAC Bank,

vCISO for MFS, Field CISO at GuardYoo, and Regional Director at TRECCERT GmbH, along with consulting for defense organizations. Beyond corporate leadership, he actively contributes to the industry as a Lecturer at the London School of Commerce, Guest Speaker at BIBM, global cybersecurity trainer, lead auditor, keynote speaker, and published writer. At OneWorld InfoTech, he spearheads strategic growth, digital transformation, and cybersecurity innovation, strengthening its position as a trusted partner in enterprise security and resilience.
