Our Products

Business Continuity

Business Continuity is the main theme of NNS Solution Ltd solutions'. Today's world every second counts, a solution without prolonged stability is a loss of heavy investment. More effective running of a business and the optimization of its enterprise processes is an important task to do to achieve its successful operation. Each company that lays emphasis on these activities and does them successfully, gets a substantial competitive advantage. NNS Solution Ltd, as a system integrator, is ready to realize your ideas, needs and future requirements.

Customer Centric Innovative Solutions for a Greater Outcome

In today's rapidly changing world of technology you are right to expect our solutions to be fast and our services to be professional at the same time the solution should be cost effective and must have future expandability.

How can we help you

Our Products

Internet Information Server (IIS) Applications

Internet Information Server (IIS) Applications NNS Solution Ltd always enjoys giving simple solutions to complex requirements. We have already developed and delivered several complex automation systems to country's leading corporate houses. Our emphasis on IIS Application is reaching its heights as we are preparing to serve the global software requirements in near future. Our IIS Application experts are fluent on ASP.NET, Active Data Objects (ADO), Active Documents, Active Messaging, Java Applets/Servlets, ISAPI DLLs, and Apache Tomcat.

Reaching the project parameters

A significant parameter for the positive evaluation of the work of a system integrator is his ability to reach the agreed parameters of the project, particularly deadlines, prices and quality. Only a system integrator that builds on many years of his experience and verified solutions is able to design a realistic, robust and scalable project. We are able to fully guarantee this ability.

Bkash Head Office , 4th Floor, House No. 6, Block-SW(H), Bir Uttam Mir Shawkat Sarak, Dhaka -1212.

Bkash TAX Automation System:

The purpose of this Software is calculating the TAX for bKash agents regarding agent commission, generating the AIT certificate and send to the distributor directly by the system automatically.

ENVIRONMENTAL POLICY

POLICY STATEMENT

As part of our commitment to achieving the principles of environmental sustainability in our workplace, we recognize our moral and legal responsibility to ensure that our activities, products and services are designed to enhance the environment in the communities in which we operate, and to ensuring that our operations do not place the local community or environment at risk of harm.

AIMS AND OBJECTIVES

We are committed to environmental improvement and prevention of pollution. We will work with our customers, suppliers and the community to adopt procedures that –

- Reduce waste through innovative work practices and recycling practices
- Minimize environmental impacts by reduction of polluting substances produced
- Minimize the impact of our operations on the neighboring community

- Increase the use of environmentally acceptable materials, equipment and technology in place of those which are considered harmful
- Ensure that our suppliers follow acceptable environmental policies, and
- Actively promote environmental awareness among staff, clients, customers and the general Public.

RESPONSIBILITIES

We recognize that the overall responsibility environmental sustainability rests with management, who will be accountable for the implementation of this policy. These responsibilities include –

- Ensuring that all environmental policies and procedures are implemented;
- Establishing measurable objectives and targets to ensure continued improvement aimed at the elimination of waste, pollution and environmental harm;
- Encouraging consultation and co-operation between management, employees and stakeholders in matters which may affect or impact on the environment; and
- providing adequate resources to meet these environmental commitments.

Employees also have responsibilities, which include –

- Following all environmental policies and procedures.

OCCUPATIONAL HEALTH AND SAFETY POLICY

POLICY STATEMENT

As part of our commitment to achieving the principles of health and safety in our workplace, we recognize our moral and legal responsibility to provide a safe and healthy work environment for employees, suppliers, customers and visitors. This commitment also extends to ensuring that our operations do not place the local community or environment at risk of injury, illness or damage.

AIMS AND OBJECTIVES

We will adopt procedures to –

- Provide and maintain healthy and safe workplaces, safe plant and systems of work;
- Provide written procedures and instructions to ensure safe work practices;
- Ensure compliance with legislative requirements and current industry standards;
- Provide such information, instruction, training and supervision to employees, contractors and customers as is necessary to ensure their continued health and safety; and
- Provide support and assistance to employees and involve them in consultation on safety issues.

RESPONSIBILITIES

We recognize that the overall responsibility to provide a safe workplace rests with management, who will be accountable for the implementation of this policy. These responsibilities include –

- Ensuring that all OHS policies and procedures are implemented;
- Establishing measurable objectives and targets to ensure continued improvement aimed at the elimination of work-related injuries and illnesses; and
- Providing adequate resources to meet these OHS commitments.

Employees also have responsibilities, which include –

- Following all OHS policies and procedures; and
- Recognizing hazards which may affect the health and safety of themselves, others, or the environment.
