Nice PITS has developed a number of products and MIS applications for its clients in this service. Our mature software development processes, combined with excellent infrastructure have significantly increased the “on-time and on-budget” delivery of software in the offshore mode.

We use a highly effective IMPACT Methodology for offshore and distributed software development. Our services begin from analysis, moving through designing, development, testing and implementation to maintenance. Our applications come in all sizes, be it a one-table database, or a massive client-server application.

## VALUES

All of our people are proudly committed to the following values:

- Integrity – Always dealing with our clients and our colleagues in a fair and ethical manner; gaining trust through our actions.
- Knowledge – The value we place on our ability to develop leaders and the need to continually grow our collective technical expertise to meet the needs of ever more sophisticated clients.
- Service – Encompasses the concept of quality in everything we do, having a service-mindset when dealing with clients and demanding a lot of ourselves.
- Respect – Respect for one another in the office will lead to greater productivity and staff satisfaction, which should result in lower turnover.

# MASSAGE FROM CHAIRMAN

## CHAIRMAN'S MASSAGE

We take pride in being one of the renowned IT firms in Bangladesh having achieved remarkable contribution in software development and ITES services over the last seven years in Bangladesh.

In 2010, NICE POWER & IT SOLUTION started its business with only three people in a small office. But in 2014, it is incorporated as a Limited company under the joint stock companies and expands its area in ISP business, software development in public sector and various RDMS systems,

Our strength was that we had the passion and will to perform great service for customers who entrust work to us and to meet their expectations. We also had staff members who shared our passion and resolve. In an era of advanced technologies and new techniques, we continuously strive for innovation and enhanced efficiency. Moreover, we are doing several university management systems with JV of our Indian partners.

Nice Power & IT Solution Ltd. is the preferred choice of many clients because of its reliability and commitment to quality and services.
Hope, our team members and expert employees will make NICE POWER & IT SOLUTION as leading enterprise in the new digital era of Bangladesh.

# MASSAGE FROM MANAGING DIRECTOR

## Massage from
## Managing Director/Founder

I take this opportunity to thank our valued customers, whose continued patronage and confidence in our products inspires us to extend the best of services and enables us to provide value for their money.

We believe that technology holds the key to food safety, energy security, access to information, and economic freedom, which are necessary for empowering our rural brethren.

We plan to achieve this goal through our strength - the Employees; and seek their continuous involvement in achieving the Company's objectives.

I therefore, seek continued patronage of our valued customers, cooperation of our employees and thank our well-wishers who have contributed to the growth of the organization.
