

A Global Leader in Skill Development, Job Placement & Consulting

Creating Skilled Man Power, Entrepreneur & Freelancer Since 2005

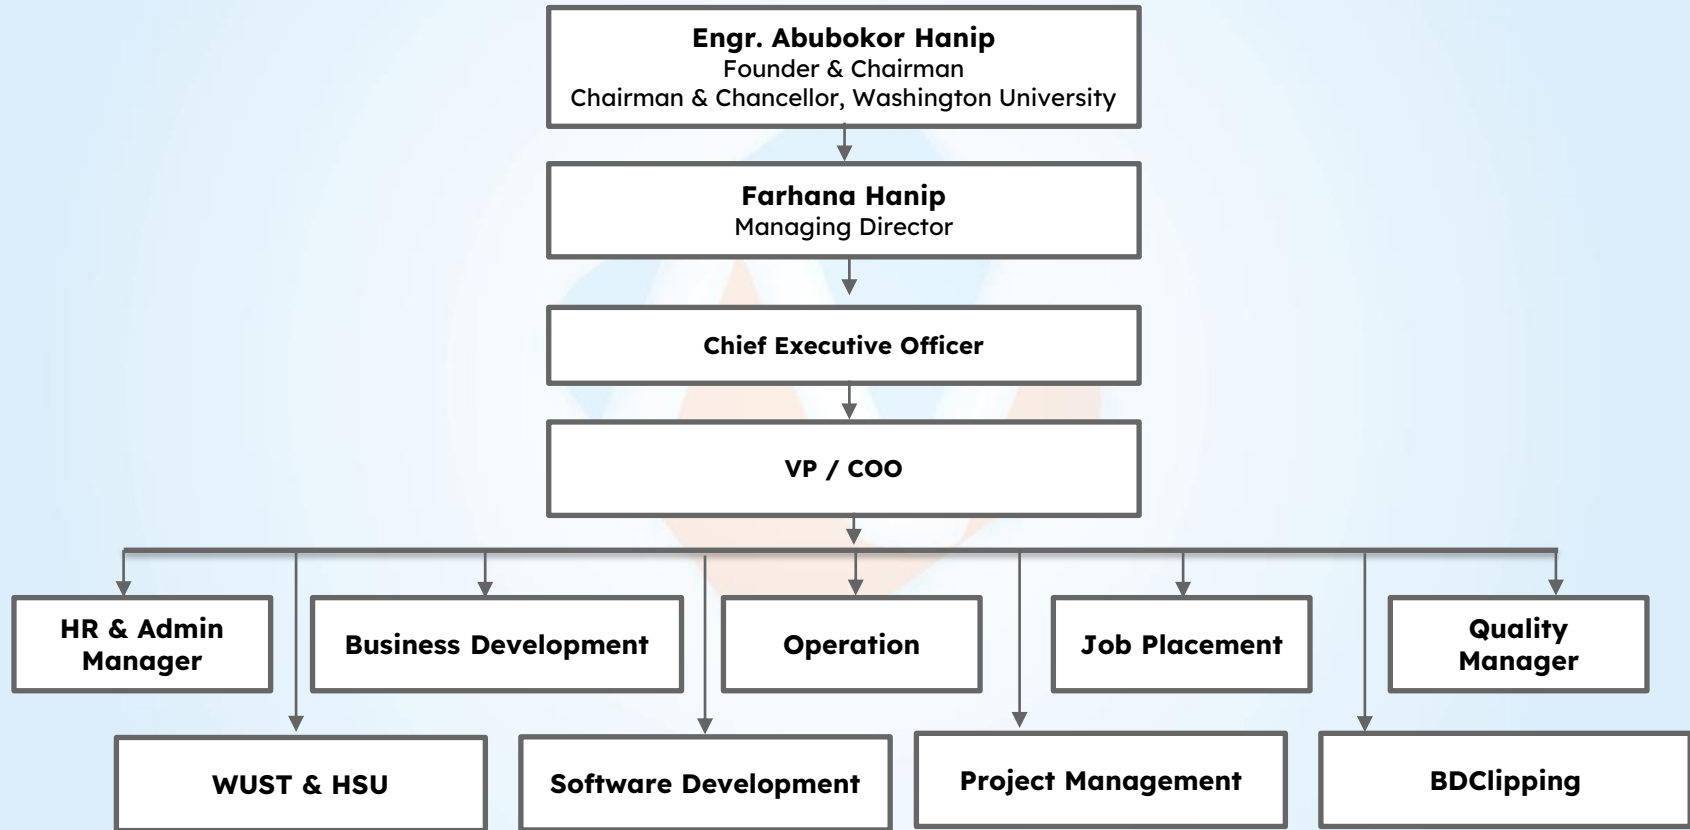

- Founded in the USA in 2005, PeopleNTech Group is a leading organization dedicated to professional skill development, job placement, and outsourcing services.
- Engr. Abubokor Hanip, the Founder and Chairman, has been instrumental in its growth. Farhana Hanip, serving as President, has played a crucial role in the company's success.
- Today, PeopleNTech Group has expanded its reach with 33 sister concerns worldwide, solidifying its reputation as a global leader in skill development, job placement, and outsourcing solutions.
- Their extensive network benefits individuals seeking career advancement and businesses in need of staffing support across the globe.
- A recent milestone in its journey includes the takeover of Washington University of Science and Technology, underscoring its dedication to fostering academic and professional skill development, further solidifying its position as a key player in education and workforce development.

PeopleNTech's Concerns

IT Outsourcing
Consulting
Recruiting
Training

Engr. Abubokor Hanip is a distinguished figure as the Founder & Chairman of PeopleNTech Group, a catalyst for education and technology solutions. His visionary leadership has transformed countless lives through quality education and cutting-edge technology training.

Additionally, he holds the esteemed positions of Chancellor and Chairman at Washington University of Science and Technology, further solidifying his commitment to higher education and academic excellence.

Engr. Abubokor Hanip's dual roles reflect his profound influence in shaping the future of both education and technology, leaving an enduring mark on the growth and development of individuals and institutions in these critical sectors.

A committed philanthropist and social worker for women and youth empowerment, she has been honored with multiple awards for her unwavering support. She is recognized by numerous government and non-government organizations for her ICT and education contributions and for championing socio-cultural causes globally. She also serves as a Director, Activist, and Mentor for various foundations and associations.

Apart from these, she is contributing in different leadership roles in different organizations and operating businesses and other non-profit activities in the USA, Canada, India, and Bangladesh, and thus embodying a commitment to positive change in both social and corporate spheres.
