COMPANY INTRODUCTION:

Tradevision Ltd. (TVL) is a sales and service-oriented private limited company in operation since 1985. At the onset, TVL used to deal general trading. In 1991 it switched over to Medical Equipment supply & installation. Since then it remained one of its Principal Business. TVL entered into the field of Industrial Power Generation – supply, installation & commissioning in 1994.

Conquer the medical field; TVL is also leading in the field of energy, oil and gas solution, nuclear medicine, construction engineering equipment, IT & Telecommunication solution and kitchen & Laundry equipment business. In addition, Tradevision Limited is the pioneer in introducing service app “myTVL” in Bangladesh.

At the moment the firm is manned by 120 employees with a highly qualified service team, which includes many postgraduate, graduate and diploma engineers and skilled technicians. The rest of the employees constantly monitor sales, admin, accounts etc.

We supply technologies with a vision for the future.
