COMPANY OVERVIEW

About Us

Firewall Technologies Limited is a technology solution provider and IT product distributor company in Bangladesh with many years of experience. Founded in 2015, the company specializes in the distribution of high-quality IT products (Enterprise Servers, Data Storage, Firewall, Networking Equipment's, Laptop, Desktop and All-in-One, Barcode Printer, RFID Scanner, POS System, Online UPS). Constantly developing, we strive to become one of the leaders in the distribution of computer equipment.

Firewall Technology Limited also provides Dynamic Website Design and Development, Corporate Email Solutions, E-commerce and Customized Software Development. Firewall Technologies Limited offers innovative and unique web ideas that have received a commendable response in the minds of web viewers.

Our journey has been marked by innovation, dedication and commitment to providing unparalleled services to our valued clients. Firewall Technologies Limited has a dedicated and experienced team of IT professionals who provide technology services to meet the needs of our clients.

Our Mission is to achieve the reputation of a quality, high standard and reliable solution and service provider company in the ICT industry.

To achieve 100% customer satisfaction through high-quality products and services at affordable prices. We aim to become a leader in technology-based corporate solutions, demanding an unwavering response from our target market. We believe that the potential for growth and improvement is limitless, and we are dedicated to continuously elevating our achievements. Our journey is one of consistent growth, and we are committed to maintaining this momentum.

COMPANY VALUES

- **Integrity:** Acting ethically and transparently in all business dealings, prioritizing doing the right thing over personal gain. It means being accountable and following through with decisions made, even if no one is around to see it.
- **Trust:** Nurturing positive relationships at all levels of the organization. Building trust means your employees benefit from a culture of honesty, psychological safety, and mutual respect. Trust is key to helping employees feel secure in their jobs, improving retention and engagement.
- **Commitment:** The willingness to put the time, effort, and energy into furthering the organization toward its goals. It is an unwavering dedication stemming from the belief that the daily tasks meaningfully contribute to the bigger picture. Always going the extra mile to ensure the job gets done no matter how big or how small.
