ABOUT

TOTSOL Technologies Private Limited is one of the leading Information Technology Company in India. We provide software automation and solutions, training, certifications and related services and consultancy to enterprise customers. Our services are geared towards ensuring a process- based, flawless execution of software and training requirements for our clients, TOTSOL's professionals are specialized in client's need analysis, designing, developing, delivering, administering and even evaluating needful solutions. Blending technology with traditional methods, these customized IT solutions will bolster the quality service level in your organization.

Now TOTSOL have launched his journey in Bangladesh as joint Venture company under the name style "TECHSOL Technologies Bangladesh Limited" with more perspective to provide IT services to your organization to build the right skill level amongst your workforce to support your various IT projects.

Techsol customized services help your organisation to build the right skill levels amongst your workforce to support your various IT projects. Our offered programs cover a range of domains to take care of your organisation's total requirements. We work as service partners to extend a range of services.

Techsol believes in offering the finest standards of service that is constantly updated and adapted to the changing global scenario. Our service is geared towards "increasing employability".

- ❖ All Technical Expert & developers are very much experienced and conversant with their respective domains.
- ❖ All services are developed with input and approval from companies in the I.T., Banking, Telecom and Manufacturing industries.
- ❖ Emphasis on bridging the "industry-academia" gap. Therefore there is a keen focus on industry related projects thus developing a directly employable workforce.
- ❖ Aim to prepare the work force for respective global certifications. Techsol also ensures that the curriculum and methodologies are at par with the best effective and the practical standards.

Some of our clients are IBM, Accenture, Wipro, Erricson, RS-Software, PWC, Maithon Power, Sagardighi Thermal Power, Kolaghat Thermal Power, CESC (Haldia), Vedanta Aluminium, Anchor Panasonic, ABB, Videocon, Voltas, Emami, DB Schenker, Frost & Sullivan, Toyota, Tata Motors, KSB Pumps, Jhonson & Jhonson, Mahindra Finance, Mahindra Insurance, Tata AIG, Kotak Security, Reliance Securities, DHL, REDBUS.in, Ingram Micro, Joy Mining Services, Essel Mining, ONGC, Vikram Solar, Ambuja Neotia, Ambuja Cement, Ambuja Realty, ITC Info Tech, ITC Audit, Syngenta, Sika India, CII, Webel Informatics, Globsyn, Sterling & Wilson, Eveready, Direxions, CFT Technologies, VIOM Networks, Deutsche Bank, Usha Comm, Carbon India, ACC, Ultra Tech, NYK Line etc.

A) IT CONSULTANCY & CUSTOMIZED SOFTWARE DEVELOPMENT

CMS Website

DO you have a website that you want to manage and don't want to spend a lot of time and resources managing it in the long run?

The **Techsol Content Management System** is just for you!

The **Techsol CMS** allows non-technical people to easily and quickly update their content, which is otherwise done by technical programmers. By using a CMS, your company can **save time** on training, while facilitating more people to update content on live site — **you get a web site that's always fresh!**

Your website's content is available online for you to edit at any time. There's **no complicated software to install** because you use your web browser to login and make updates. Our CMS helps organizations of any size **build a solid web strategy since their website is so easy to update.**
