CEO had entered Outsourcing world in 2010. Before completing the graduation, IT professionals have passed the course IDB-BISEW IT Scholarship Project (http://www.idb-bisew.org) for Database Design and Development oracle university, CA, USA (http://education.oracle.com) After completing OCP, he started his career as a programmer in Riyadh hospital under the Ministry of Health in Saudi Arabia and later finished his job as Project Coordinator Programmer. Entry into the outsourcing world at www.freelancer.com after leaving the job. At the beginning of the house, he started working with 1 computer. Worked quite a few days alone. But the scope of day-to-day work increases, it is not possible to work on one. In spite of the internet speed problems in the city, many people, despite advised to increase the activities in Dhaka, refused to extend their activities outside their respective districts and established Freedom Soft in their district Kushtia to increase self-employment. He has created opportunities through Freedom Soft to create jobs for many men-female where their families are being benefited. Freedom Soft is a good relation crop with work donors through outsourcing in different countries of the world. Freedom Soft has been working tirelessly for making software more successful and making employment opportunities. In this context, everyone lacks competitiveness for further expansion of outsourcing work.

Officials Summarize of Freedom Soft

The Freedom Soft, which extends the activities of the organization, identifies newcomers, highlights the opportunities and opinions of officials. Both men and women are working at 3 shifts at Freedom Soft. Their views are considered seriously. It has a lot of output in the organization. Here all the security is ensured. Most of the organization's officials came from the needy families and the whole family depends on them. Institutions provide bonuses on the basis of the basic salary of each of the officers as well as on the job basis. In this case, an official earns Tk 25,000.00 per month from Freedom Soft. Which appears to be very good in the district town. The role of women in the organization is noteworthy. Currently, 9 women are working. The organization hopes to increase further employment in the future.

Desire Of Freedom Soft's

Freedom Soft Company We have brought together one success in the joint effort of the collective efforts. We want to create a more efficient and qualified officer in future. It is desirable for the government to cooperate with us to make our contacts more prosperous in the world. Freedom Soft's firm belief that any project in the ICT division is ready to be successful and successful. In the future, Freedom Soft wants to increase more employment. Let us continue to follow this path always - this is a wish to everyone.

Thank you
