Best solution to all your
IT related problems

Vision

seamless technology
through the power of Samadhan

COMPANY

AT A GLANCE

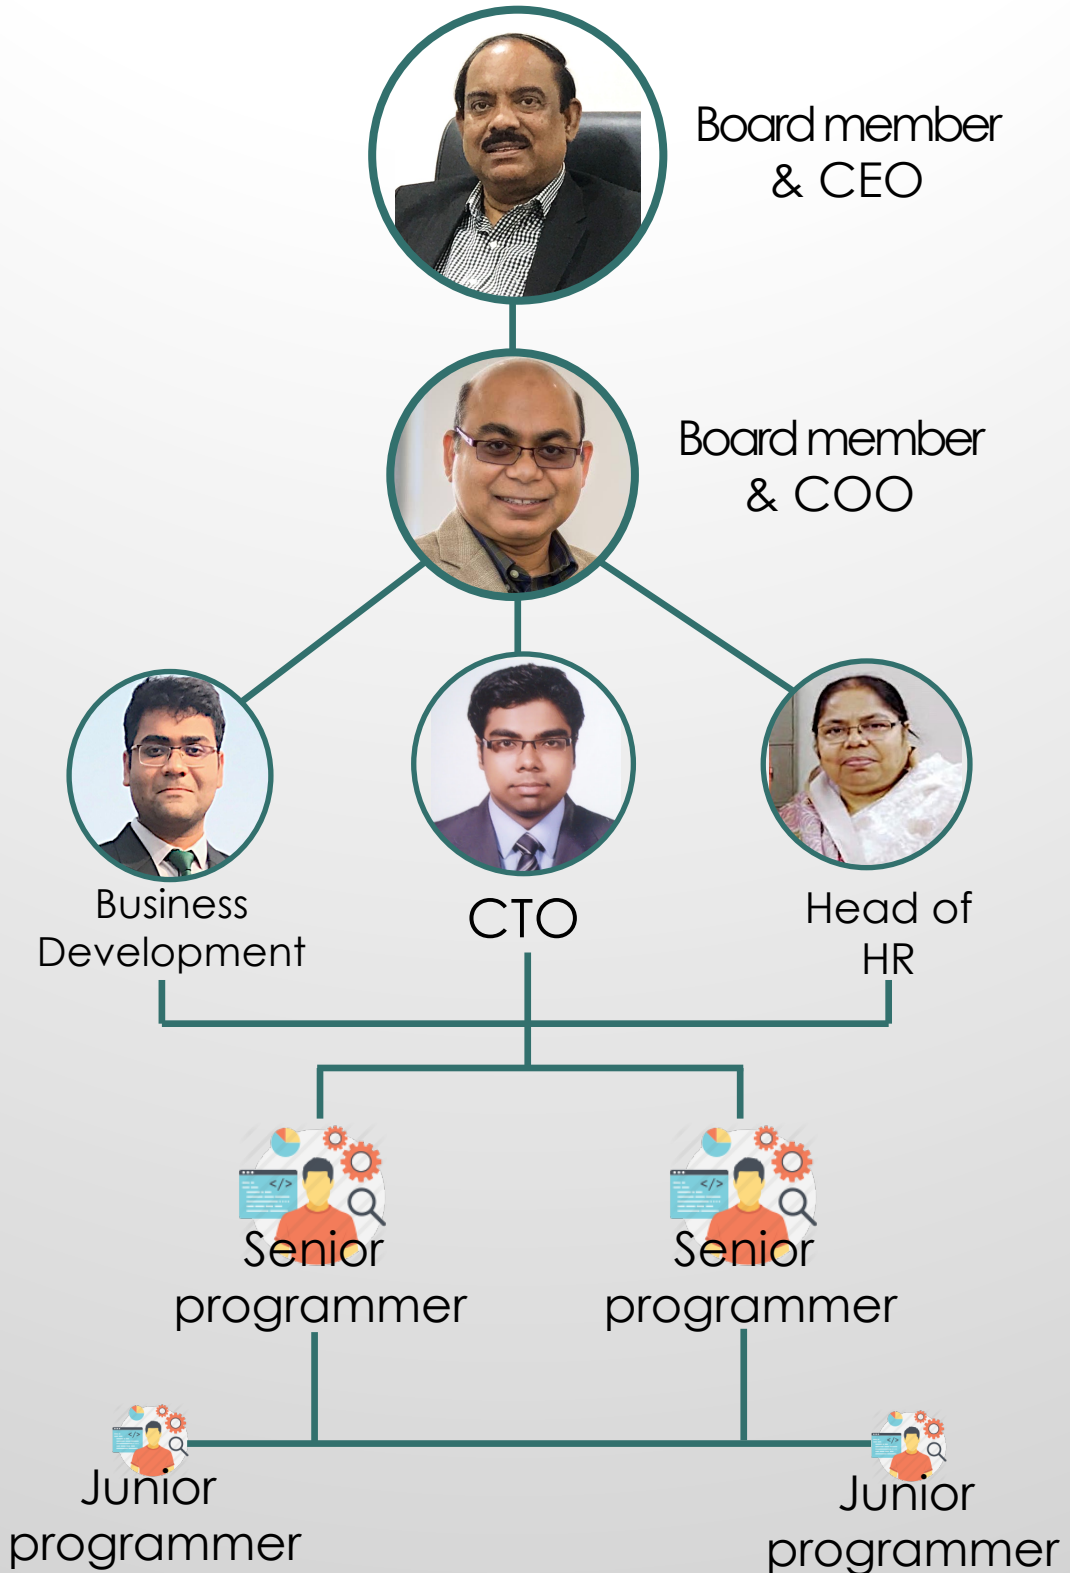

2

We are a software & web development consultancy devoted to purposeful ventures. We deliver inspired and actionable ideas that help our clients win in the marketplace. What counts: our collaborative spirit. Our innovative problem solving approach. Our powerful blend of strategy, creativity, and analytics. From our offices in Sydney and Dhaka, we work with clients locally, nationally and across borders. We have an extremely selective team of some of the industry's most talented designers and developers.

Our main goal is to provide sustainable solution to our client's IT needs. From accounting to supply chain, to marketing- we work with our clients in all the areas of their business with the sole purpose of making the business thrive with the power of technology.

Our services

Meet the CEO

FAROQUE AHMED KHAN

BOARD MEMBER & CEO

Being a professional Chartered Accountant Mr. Faroque has gained years of experience in various industries providing consulting services. Now he is all set to start something of his own. He is a very down to earth guy and a tech enthusiast which encouraged him to start Samadhan.

Mr. Faroque Ahmed Khan is a graduate in accounting from the University of Dhaka and a Fellow of Institute of Chartered Accountants of Bangladesh. He excels in business development and has received training at IIMC (Indian Institute of Management Calcutta) in Business Leadership(BLP II). He has over 30 years of work experience at Rahimafroz Bangladesh and successfully played his part as director, COO & CFO. He has also contributed to the academic sector as a teacher at the Institute of Chartered Accountants of Bangladesh.

Meet the COO

Fazlur Rahman Khan

BOARD MEMBER & COO

Mr. Fazlur Rahman Khan combines proven business acumen with diverse experience in user experience design, information architecture, and emerging technologies. Serving in online application design consulting roles since 2003, he is a knowledgeable and experienced player in every client project—and works tirelessly to align our design and development strategies with client goals to produce outstanding results. Due to his unique combination of creative and technical skills, Mr. Fazlu is known at Samadhan as a highly effective problem-solver.

Mr. Fazlur Rahman Khan is a graduate from Bangladesh University of Engineering and Technology (BUET). He has extensive work experience both in Bangladesh & Australia. He has worked as a consultant for the Institute of Information & Communication Technology (IICT) on program development, relational database design, software quality assurance process, data warehousing and code testing. He has worked with Bangladesh University of Engineering & Technology (BUET) on various projects for the Bangladesh Government and other organizations. He has worked for the Australian Medical Institute on IT operations. Mr. Fazlu has also contributed to the Dhaka Electric Supply Authority (DESA) in the consumer billing and PKS F ORACLE designed project.
