SOLUTIONS FOR THE WORLD OF TOMORROW

WE ARE WHEREVER YOU NEED US

Our services are scalable for requirements of every dimension. They are delivered where they are needed – worldwide. Extensive resources provide our clients with the agility they need, on demand, to penetrate existing markets and open up new ones.

SCALABLE SERVICES

With Tech Terrain IT Ltd. as a technology partner, gaps in know-how are no longer a factor in development. We bring specific expertise to bear on the process and create solutions that are not just perfectly integrated into the end product but into the customer's processes as well. Just what role SOLCOM plays in this is defined by the client:

Whether providing support, independently developing sub-sectors or assemblies, or taking the lead role, Tech Terrain IT Ltd. offers solutions capable of being designed so flexibly that even the ongoing project can be adjusted at any time.

The smooth running of the project is ensured by our process know-how, combining agile methods and tools with the cross-sectoral experience of more than 20 years high-tech development.

Our software development, IT and engineering services

As a technology service provider, Tech Terrain IT Ltd. develops cutting-edge technologies like Artificial Intelligence (**AI**), Machine Learning (**ML**), **Big Data Analysis**, Internet of Things (**IOT**). We devise solutions for tomorrow's world.

TESTIMONIALS

"Very professional, easy to communicate, very flexible and always available. Happy to work with them"

Hamimur Rahman, Head of HR, Envoy Group.

"Knowledgeable team and they have provided great service for 3 years on my projects."

CFO, Ispahani Group.

"Working with Tech Terrain IT Ltd. is an absolute pleasure. They are not only competent in IT, but also project management. Because of their continual interactions with me, the project was finished ahead of schedule and to a higher standard than expected. I will always work with this company for anything related to IT." –

ED, CRP.

"I have worked with their team for several years to create and fix commercial applications that I use for clients in the industry. They are professional, cost effective, understand my brief on any project without having to repeat myself, I am genuinely happy with the work they do and won't use anyone else." –

General Manager, Sheltech Ceramics Ltd.

CONTACT TO THE WORLD

We strongly believe, understanding precisely client requirement, sharing knowledge and building long relationship with client, providing quality products and services for deriving the optimum advantages of Information Technology and finally achieving client's ultimate satisfaction are the key factors of our success. We never look into our benefits unless we ensure client's benefit. Therefore, as our first step in marketing to our honorable client, we request just to have an opportunity to prove our capacity, capability and potentiality. With an unwavering confidence, we hope that client's first experience with our service and product will be enough for establishing an image of trust and faith on us in client's mind.
