

About us

ARITS Limited is focused on developing and delivering revamped technological solutions to social and business challenges. To make sure our clients stay ahead of the game, the teams here at ARITS Limited keep honing our skillsets.

Board of Directors

The Board of Directors at ARITS Ltd are a group of like-minded professionals who strive towards providing the highest quality of technological solutions to our clients.

Maher Khan

Chairman

Maher Khan has been working in the software industry for over 10 years. After having studied at The College of Wooster in Ohio, United States of America, he returned to Bangladesh with the vision to contribute and further the software industry. Focusing on UI, UX Design, Project Management, and Frontend Software Development, he has successfully completed work in numerous large scale projects for both local and international clients. He is a visionary who is able to imagine, simplify and design interfaces which are aesthetically pleasing, clean and easy to use. In his early years Maher went through schooling at Southbreeze school. Maher joined ARITS Limited at its inception in 2015 and has been appointed as the honourable Chairman in 2019.

Fahim Hossain

Director & CEO

Fahim Hossain has been working in the software & hardware engineering sector for almost 10 years. Prior to starting off his career, he has completed his Masters of Science in Electronics from Royal Melbourne Institute of Technology (RMIT), Australia. He has worked with Nano Technology and Micro-Electro-Mechanical Systems for the research & development of Bionic Eye under a collaboration project between RMIT & University of Melbourne. After coming back to Bangladesh, Fahim has been deeply involved in the Software Industry and has worked with international and local clients as a Solution Researcher, Software Architect & Quality Assurance Specialist for a number of local and multinational companies. In his early years, Fahim went through schooling at Scholastica. In 2015, he along with a couple of industry colleagues teamed up together and founded ARITS Limited. He stepped down as the Managing Director of the company in 2018 and has been appointed as the CEO of ARITS Limited.

Mohammed Ali Azam

Managing Director

Mohammad Ali Azam has joined the board of directors at ARITS Limited as the new Managing Director in 2018. In his early years Mohammed Ali Azam went through schooling at Scholastica. After completing his graduation in Bachelors of Business Administration from the reputed Independent University, Bangladesh, he has been industrious in the field of business within Bangladesh. For the last 10 years, he has worked with national and international teams to set up and run manufacturing, Agro, buying house & trading businesses within Bangladesh. With his diverse business experience from various sectors, he brings about dynamism within the board of directors at ARITS Limited.

Maintenance

After-Sales Support
Post-Service Packages

Our Accomplishments

With our methods gaining continual promise, we have been successful at keeping our clients satisfied. The following pages highlight and showcase some of our accomplishments.

UNIVERSITY
OF DHAKA *2021*

University of Dhaka 2021

Web Portal (On going)

2021 marks the 100th year of establishment of the University of Dhaka and higher education in Bangladesh. Partnering up with Friedrich Ebert Stiftung (FES) and working under the visionary – Professor Imtiaz Ahmed – a web portal is being developed in order for students to constructively voice their opinion on necessary changes needed to leapfrog the university into the future.

THE WORLD BANK

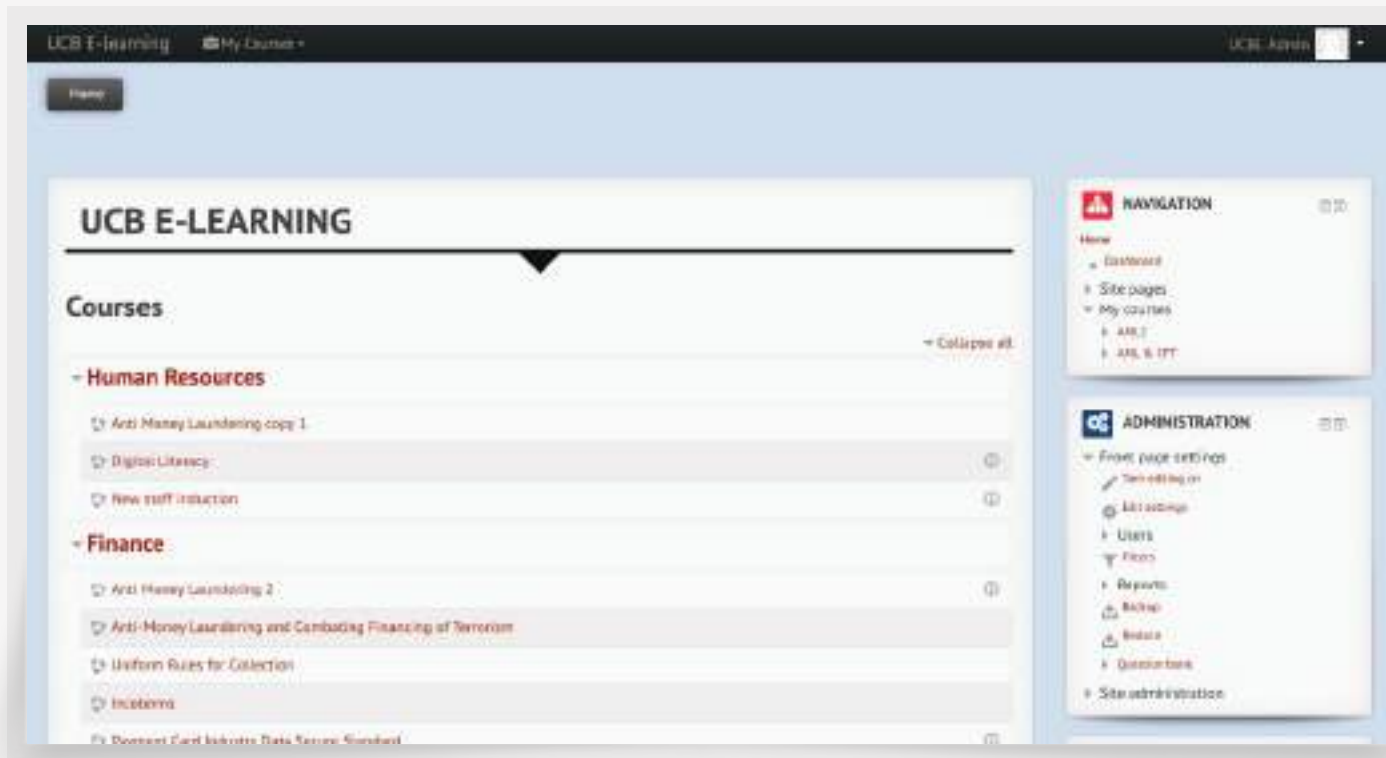

ICT Training Workshops for DNCC & DSCC

(2015-2016)

ICT Training Workshops for Dhaka North City Corporation and Dhaka South City Corporation were conducted by ARITS Limited under the supervision of the World Bank at BRAC Center between 2015 – 2016. The training module was constructed and conducted by our team to prepare the government officials to open up to the concepts of business process automation.

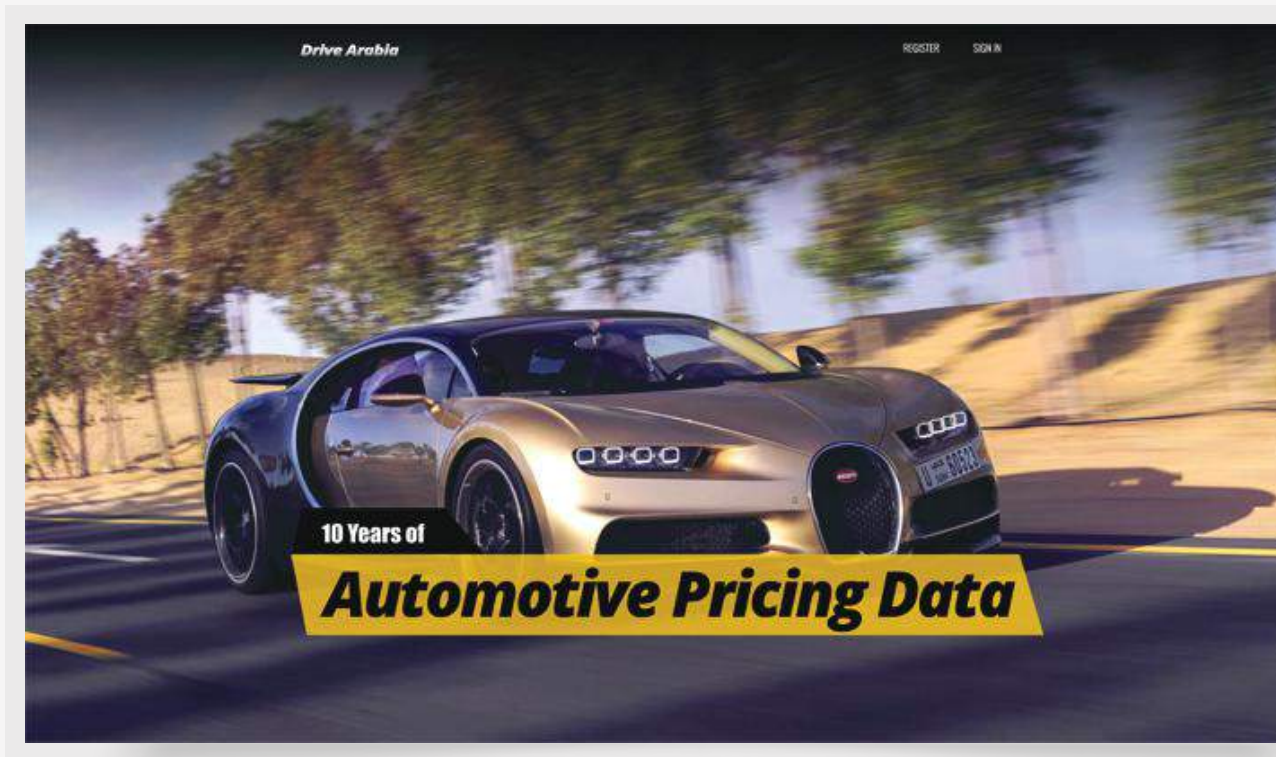

united we achieve
