ABOUT COMPANY

POPULAR IT is focused in Software and Web Design, Development, WordPress Theme, e-Commerce, Domain Registration and Web Hosting. We have a highly capable team of web consultants, creative designers, programmers and web marketing professionals who know how to deliver results. We treat each of our clients individually and therefore we do not offer set prices on any service. We offer affordable low cost web design with our web design services for all personal web sites and business web sites. Our professionals believe that the key factor for the success of any ongoing project is to build a spotless communication bond with our client.

Our team members are not just IT professionals but have decent communication skills with people, which effort in cycle with your needs and requirements. Our company takes care of every minute with details for what our client communicate during the process of developing the project. As a web development firm our request for you to look at the information technology sector in Bangladesh in recent days. This industry has been improved very rapidly with available highly skilled IT professionals and update communication technologies. As you know because of a developing country and currency advantage, it's a crystal-clear cost advantage for you to outsource your web development work to us.

Our procedure

According to your demand, we will provide profile of our professionals who have the expertise of relevant information technologies and skill-sets you require, as you can communicate with them to take an interview.

We will provide a trial development work which may be a part of your massive project to help you decide whether you are going on for a long term relationship with us or not.

We will provide pricing on a monthly or hourly or project rate for engineers according to the technical level, programming expertise required, and the project scope.

At the commencement of new strategic partnerships, when the service begins, we can communicate directly by email, instant messenger, or telephone, so that the offshore team members can respond promptly working in conjunction with your team.

You can control the progress of the offshore team by web-based project management tools. We can submit daily or weekly progress reports tailored to customer needs.

What you need to do

Efficient cooperation can prove expected result with minimal effort. We need the following minimum prerequisites to create an unbeaten conduit between us:

We never start the project without understanding project requirements. Proper documented project specification or the detailed requirement about what you want. Open communication through e-mail, chat or telephone.
