

Company Profile

Red.Digital Limited

About

Red.Digital Limited is a 100% Robi Axiata owned subsidiary offering IT & Digital solutions to Robi Axiata. Red.Digital Limited is currently setting up its own office in Government's IT Park in Kaliakoir, Tangail. We aim to support the Government of Bangladesh in meeting its digital goals in the country by offering cutting-edge, home-grown, cost-optimized IT applications, Cloud DC, IoT solutions among others. Currently, we have several platforms that are developed completely In-house with complete IPR ownership. We are fully committed to complying with Bangladesh's all applicable acts and policies to conduct ICT business.

Vision

We envision to extend our business beyond the boundary.

Mission

We are dedicated to establishing a full range of dynamic changes with quality products and services. Our efforts involve establishing a high level of customer benefits with unquestionable methods and ethical approaches.

Management Team

The team that raises the bar & motivates to achieve bigger things.
