

Company Profile

Digital marketing

In the last ten years, the idea of business marketing has totally changed. Tvc, Banner, Radio, Newspaper and magazine advertising are outdated and only thing that keeps business alive is digital marketing. So that we worked with various clients and helped them to build up thier marketing strategy.

Mobile App Design & Development

We designed various app in last 2 years with many europian clients. We fullfilled their app programming services and also enriched their app's graphical contents. Besides that we customised client's application when they needed.

Taqwa enterprise marketing solutions are as unique as our clients. That's why we start every client relationship simply by getting to know you, your business, your market, and your competition. We take time to put ourselves in your shoes and to try to get inside the minds of your audience.
