OUR SERVICES:

a) Consultancy

- **IT Consultancy:** Scoppa Technologies Ltd has become one of our nation's leading IT products and services firms. Our "customer first" philosophy ensures that we provide our clients with "the best IT services and solutions" possible to optimize their business performance and meet operational goals. We provide new and emerging technologies and leading-edge solutions consistently delivering best-of-the-best industry programs and practices. Our foundation of success was built upon our commitment to our customers and the many talented professionals that we employ.
- **Data Analysis:** Data contains crude information. Statistical, mathematical, and programming techniques are needed in order to extract meaningful information from the collected data. Decision-making process should be based on data, neither on personal opinion nor on belief. We offer our clients for services of data management, data analysis, data assessment, data mining, exploratory analysis from primary and secondary data.
- **VAT & TAX Consultancy:** Scoppa's VAT/Tax Consultancy team provides comprehensive vat & taxation solution for both individual and corporate clients. Our partners and lawyers are specialized in Tax Consulting with many cases being adopted by the High Court and tax authority in Bangladesh as rules and are applied in deciding the outcome of various tax disputes. We have been approached by international professional services firms for our expertise in these areas who were seeking the best solutions for their clients. We try to understand our clients' business and work closely with them to provide tailor made tax advice who results in the most effective and the most efficient discharge of tax liability for our clients. Scoppa provides the VAT Consultancy to several prominent companies, restaurant, and corporations in Bangladesh.
- **Company Registrations and Export/Import Licensing:** There are several structures by which an investor can incorporate entity in Bangladesh. The particular mode of entity incorporation in Bangladesh depends on the need of the clients and the type of business the client is engaged in. Scoppa is one of the prominent service providers in Bangladesh with regards to incorporation with RJSC (Company House) and also Bangladesh Investment Development Authority. We will help you to get Export/Import licensing. Along with our sister concerns in Bangladesh, we do provide 360-degree end to end professional services.
