HATIL iT
IT SOLUTION FOR TODAY & TOMORROW

COMPANY PROFILE

WHO WE ARE

HATIL iT, is a sister concern of HATIL Complex Ltd. This group has been working in IT sector since the mid-eighties. Many of its group operation was computerized and can boast of a good team of dedicated and qualified workforce having extensive experience as vendor, solution and service provider with necessary skill and experience in study, design, develop, install, operate and manage web based Computer Network Systems on turnkey basis and having experience of rendering services to the diversification and group expansion initiative of HATIL Complex Ltd. and compared to many, this company can be termed as relatively new company but it has already emerged as a popular and widely acclaimed IT organization for persons and institution looking for IT solutions on turnkey basis. Presently **HATIL iT** maintains a wide network of national and international associates to provide all encompassing services to the client.

HATIL iT started its journey in 2002 with an ambition to build an innovative IT team which will provide software services using cutting edge technologies ensuring quality and reliability. We are already working to define our standards and be pro - client in the industry best practices. The plan was to do something so that we can overcome the challenges we experienced in the previous companies we served.
