

NG WAVE

COMPANY PROFILE

NG WAVE is a sole proprietorship company, owned by Md. Zubaer Hossain Usufi, who specializes in telecommunication network design and optimization solutions. At present, NG WAVE is working with Golis Telecom Group, which is a prominent mobile network operator in Somalia.

Proprietor of NG WAVE, Mr. Zubaer started his career with Ericsson Bangladesh in January 2008 as a Radio Planning and Optimization Engineer. Since then, he has worked in Vietnam, Central Africa, Gabon, Iran, Lebanon, Thailand, Rwanda, Sierra Leone, Gambia, DR Congo and Uganda as network consultant. During his 12 years career, he has worked with Ericsson, Huawei and Alcatel RAN products in LTE, WCDMA and GERAN technologies.

The services of NG WAVE are to provide viable solutions to critical network issues, introduce latest features and functionalities, plan & integrate capacity expansions, optimize and improve key performance indicators, and enhance the overall quality of service of the network.

NG WAVE focuses on ensuring business growth of its partners through the improvement of network performance. With this objective, it is always committed to render innovative and cost-effective solutions.
