

## 1. COMPANY PROFILE / SHOW CASE / CLIENT LIST

**Edusoft Consultants Limited** is providing comprehensive IT solutions on School, College & University Campus Management Systems that includes everything that an educational institution needs for smooth and efficient workflow. This is an outcome of a research project that a group of enthusiasts pursued on the backdrop of the pitfall of existing Campus Management Systems. To inject more dynamism into this initiative, Edusoft Consultants Ltd. (ESCL) has been formed with a mission of Innovation, Simplicity and Trust in IT solution primarily for academic institutions. The company started its formal journey in 2013. Our strength lies on the fact that we put emphasis on innovation in making our solution that is simple to use on which one can trust. We would like all the academic institutions in Bangladesh to take the advantages of our solution in managing their respective campuses with an affordable service cost. Our venture is not for maximizing profit but for maximizing satisfaction of our clients within a win-win framework.

## 2. MISSION AND VISION

Edusoft Consultants Ltd.'s (ESCL) mission is to deliver high performance automation solution for academic users. ESCL focuses on long term relationship with partnering institutions with latest technology support.
