

# Company Profile

AnyConnect Bangladesh Limited is a software platform for smart cameras that are aware of and react to their surroundings. The AnyConnect platform enables the design, development, and deployment of smart cameras at scale.

AnyConnect customers such as AT&T, AVER, Philips, and Video have deployed millions of smart cameras and video devices based on the AnyConnect platform.

AnyConnect was founded in 2016 by a team of designers and developers who share a passion for connected devices, smart things, and computer vision. AnyConnect is based in Singapore with offices in Dhaka, San Francisco, Las Vegas, Macedonia, and Tokyo

**Nature of Business:** Smart AI Camera software Developer
