MESSAGE FROM FOUNDER

Abdur Rahim

Founder of Marn Group

Bismillahir Rahmanir Rahim We started Marn IT Solutions to provide the digital solution in both Local and international market. In order to take our countries top IT talents in international and digital platform we started our operation in mid 2017. In this time we have developed a corporate culture and our team to ready to perform. The foundation structures have began a long before we named as a company. From my childhood I was very fond of the technological staffs. I have waited for the right time and the right people to make it happen and I am glad to say that this is the right time. As we play a pivotal role in our national economy, our respected business can take their chances to go online and digitalizes the existing the corporate culture. The software and IT solutions gives me a heavenly feeling because we are contribution our best to digital Bangladesh. At least I am thanked Almighty Allah to give me a chance to serve my country in a effective form and giving me the opportunity to make my dream real. I am also grateful to our respective clients and my employees for their passion and hard work. I hope MARN IT SOLUTIONS will continue its journey towards success and keep the glorious name alive. My Allah bless you all.
