Megatech GNBD Dhaka (MEGATECH)

MEGATECH GNBD DHAKA
House:16, Suite: A-2 (Level-2), Road:-140
Gulsha-1, Dhaka-1212, Bangladesh

Introduction

Megatech GNBD Dhaka is an ISO certified multi-disciplinary consulting and construction firm specialized in EPC contracting company which offers comprehensive consulting amenities as well as engineering services in various fields of survey, water, Power, energy, infrastructure and natural resources sectors. Megatech was founded in 1985 with the capacity to serve as a capable local partner for undertaking different Government projects and has been successfully working with many clients –private sector organizations, government agencies and international financial institutions such as JICA, World Bank and EU.

Megatech has created a multidisciplinary Engineering team of expertise with the objective of Quality work for Power generation, Distribution, Transmission, upstream and downstream project for oil & Gas, Environmental, water modelling and water resource management. These support team run in coordination with the main consultancy Group as an integrated technical Management Service. We are enlisted supplier of Directorate General of Defence Purchase (DGDP) under Ministry of Defence, Government of the People's Republic of Bangladesh and authorized distributor of ESRI South Asia for development of ArcGIS Software. CMS Member of Asian Development Bank (ADB).

We are operating our business in compliance with Quality Management System (QMS). The QMS of Megatech provides mechanism for achieving required qualities of services that shall satisfy the needs of our clients. The processes and guidelines of our QMS apply to all activities in our management and services.

The QMS have been consistently improving by quality goal planning, periodic monitoring, controlling, and verification since we have obtained ISO 9001:2008 certificate.
