

Company Profile

PriyoSys Ltd is relatively new but extremely capable software development firm in Bangladesh. It has a good number of sound and international quality developers to execute different types of development and maintenance tasks related to software. We boastfully possess the best engineers from renowned public and private universities of Bangladesh and most of them are with excellent track records in software development fields to perform the duties vested upon us. Importantly, our engineers are being recruited and deployed to world's highly reputed software giant companies like Google, Facebook, TikTok, CISCO, etc.

We are proud to inform you that our 'Priyo.com' is the only news aggregator application in Bangladesh which provides all the news of online portals in a single platform together. In addition to that we have successfully arranged many online quiz programs of the government during the birth centenary of the father of the nation. We thankfully participated and co-operated in many projects of ICT ministry which patronized us encouraging most of our projects.
