Company Activities:

Connect Bangla Limited is a newly formed company to engage in business in the field of Software development, E-commerce, R&D Services & Call Centre. Though *Connect Bangla Limited* is a new company, Board members of this company have wide experience in IT related business, Tele-communications and Broadcasting.

Connect Bangla Limited already acquired digital content management rights from Bangla TV Limited. We are giving IT support to Bangla TV and negotiating similar business with few other companies.

We are in the process of starting a Call Centre and negotiating with two major Manufacturer & Supplier in Europe to sell their products in e-commerce.
