Client Profile

... our "best fit"

We serve clients of all sizes. However, we are particularly well suited to help clients of this type:

ESTABLISHED BUSINESS

Our services are aimed at solidly established businesses who are already profitable. We are not well-suited for most start-ups.

RESULTS-DRIVEN / GOAL-ORIENTED

We tend to work best with companies who are results-driven and are interested in setting real goals and meeting objectives.

SKEPTICAL BUT WILLING

Most of our clients have already worked with other agencies who have underperformed. This creates a "healthy skepticism". We thrive on this ... as long as it hasn't killed your faith completely.

AGGRESSIVE GOALS

The more aggressive you are with your goals, the more excited we get. It's fun for us to work with companies that want to dominate their market.

Our Happy Clients

We build application together with client. Our success is measured by results, the most important being how our clients feel about their experience with us.

What People Think About Us

We are always here to expand our helping hand with effective solutions when you need them. Here is some client's feedback about us.

Nash Hoogwater

Director at Siderian, Netherlands

"Working with BSS has been a pleasure. I can highly recommend BSS. They came up with their own suggestions about the product and that has helped us immensely. For us, this product was a very positive experience and we plan to continue working with them for our future projects as well."

Our Values

... why we do what we do

An Attitude of Gratitude

*More than anything else, our team is grateful for **our many blessings**. It is a topic that is discussed frequently. We are grateful first and foremost for the love and forgiveness of our savior **Jesus Christ**. We are grateful that we live in the **greatest country in the world**. We are grateful that we are able to earn a living doing **what we love to do**. Finally, we are grateful for **our clients** and the trust they have given us.*

The Big Picture

The work we do matters. We understand that, in many cases, the children of our clients may (or may not) be able to afford to go to the college of their dreams - depending on the job we do. Extra vacations and time with family and friends often hang in the balance. Retirement may be possible years earlier if we get the job done properly and help our clients make more money.

*These are not just projects to us ... these are the **lives and the dreams** of our clients ... and we are honored to be considered **a trusted advisor** to the people we serve.*

MORE ... and BETTER

We understand that nearly every company wants MORE.

- More website traffic
- More social media followers
- More leads
- More sales

Our Approach ... to your success

The first 3 tasks can be accomplished by any quality marketing agency. Although, we believe that we can outperform most companies in these areas.

Converting more leads into more sales is where the problem usually occurs. This is because most marketing companies don't understand how to **bridge the gap** between marketing and sales. Our approach to every project is to design for the maximum **alignment of sales and marketing** initiatives from the beginning. This ensures that you will achieve the greatest possible results.

In our approach for most companies, the sales + marketing process is so effective that sales associates become order-takers. By the time you hear from a prospect, they are often simply looking to place an order.
