Company Profile

Introduction

SoftwrD Ltd is a Norwegian-Bangladesh Joint Venture software development company. We are making AI powered prediction systems that glean actionable insights from large amounts of data.

The company is currently building a real estate information system for Norway. The goal of the software is to be a one stop solution for all real estate related information, which can be used by brokers, developers and appraisers alike to access all relevant information to help them make buying and selling decisions.

The shareholders of this company are a Norwegian investment company named R&D Invest and Azmine Murshed (Managing Director). Daniel Nilsen is the CEO of R&D Invest and the Chairman of SoftwrD Ltd. Azmine Murshed and Daniel Nilsen are school friends. While checking up on each other during the pandemic, Daniel proposed a business venture to Azmine. Daniel was working on a software project and wanted to make use of the incredibly talented and vast digital workforce of Bangladesh. R&D Invest has invested \$50,000 in SoftwrD Ltd and holds 75% of the company. Azmine Murshed holds 25%.

Today, SoftwrD Ltd has 15 direct employees and is steadily growing. Daniel Nilsen amongst other things is in the real estate business and a passionate developer and therefore can bring the expertise required to build a PropTech product. Azmine Murshed runs day to day business operations in Dhaka.
