About Echoasoft Ltd.

WE'RE A GLOBAL COMPANY WITH A PASSION FOR SOLID CODE.

EchoaSoft is operated by a team of passionate developers, designers, writers, marketers that are dedicated to delivering amazing results for clients. We work tirelessly to assure our entire distributed team is up-to-date on emerging web technologies. Our goal is to build web apps that keep customers engaged and satisfied.

At Echoasoft, we aim to provide exactly what our customers are looking for. A huge part of our brainstorming process is looking at our client feedback to make sure you're well taken care of.

We are personally committed to delivering the very best. Everything, from customer support to product design and development, is provided by our dedicated team.

What we do.

EchoaSoft is committed to providing a substantive business value of each and every product developed and client engagement. We achieve this through a combination of our team analysis, strong technical skills, sound project management methods, and traditional values. We have an expert team for creating and maintaining world-class software and providing the best service for the client. We have qualifications in the areas of Custom Software Development, Web-

Centric Software Solutions, Mobile application, Creative Designing. We're the friendly faces and software development at the heart of the customer experience.

Services.

Echoasoft is the leading software design and development company that can support all of your needs. Here are some of our services.

1. Website Design & Development:

To compete in today's competitive market you need a strong online presence. We are not just talking about the social media presence. Instead, you need a well-thought-out, optimized marketing strategy that includes online, social, and mobile components. Here we provide the service to create a professional, responsive website. We provide-

- ❖ Website Design.
- ❖ Website Reconstruction.
- ❖ Redesign.
- ❖ Website Maintenance.
- ❖ Theme Development.

- ❖ Plugin Development.

2. Mobile Application Development:

We offer a full cycle of application design, integration, and management services. Whether it is a consumer-oriented app or a transformative enterprise-class solution, the company leads the entire mobile app development process from ideation and concept to delivery, and to ongoing support.

- ❖ Custom iOS and Android apps development.
- ❖ Native and cross-platform solutions.
- ❖ Second platform app development.
- ❖ UI/UX design.
- ❖ Consulting and prototyping.
- ❖ Automated QA and testing.
- ❖ Power management, notification, and geofencing.
- ❖ Embedded Android & AOSP customizations.
- ❖ Maintenance and post-warranty support.

3. E-commerce Development:

E-commerce has become a very popular business service as it enables both sellers and buyers to buy or sell through web pages. Echoasoft facilitates its clients to get easy access to their customers with their products and services and enables them to receive online payments. Echoasoft also provides consultancy to its clients to enhance business growth and to keep pace with the changing business trends in the era of e-commerce.

❖ Product Catalogue Management:

- Approve, Edit, and Delete Product Stock.
- Add product image.
- Approve, Edit, and Delete Product Reviews.
- Add to Wishlist and Compare Functions (email when available in stock).
- Search Results, rewrites, and redirects.
- Customer Sort.

❖ Customer Management System:

- Customer's registration, and personal accounts.
- Login option with Facebook or Google+ or separate registration.
- Account verification by SMS.
- Forgotten password recovery.

- Purchase History.
- Email alerts for clients about product replenishment.

Our Products.

We have accomplished some great projects and some projects are about to come. Here's a list of completed products.

1. DiviGear.

DiviGear provides awesome plugins and child themes to extend the functionality of Divi Theme.

These products will open the door to new possibilities for Divi theme users and developers. Some plugins are-

❖ Advanced Divi Heading Modules:

The Advanced Divi Heading Modules consist of two different heading style modules that give you the ability to create outstanding headings. Both modules

have multiple options to help you create designs of your choice with more functionality and flexibility.

❖ **Divi Carousel Module 2.0:**

Divi Carousel Module plugin adds an advanced module to Divi and Extra theme builder. With this module, you can add any amount of carousel slider in your website.

It has some exceptional features that give you the advantage of controlling almost everything within this module. And with those features, you can design an unlimited number of carousels.

❖ **Divi Product Carousel:**

Divi Product carousel module creates a DIVI module that can be used to showcase & create a WooCommerce product carousel slider. It supports both frontend and backend builders.

❖ **Divi Blog Carousel Module:**

Divi Blog Carousel Module adds an advanced module to Divi builder. With this module, you can create an unlimited number of Divi post sliders. This module has some advanced options, with that you can style your Divi post carousel in many different ways. We have created some carousel designs that you can download and use from the demo page.

❖ **Divi Blog Module:**

Divi Blog Module is a module offered by DiviGear to create & design your exclusive blog page layouts with extensive design options. Divi Blog Module allows you to create your blog layout quickly and easily.

The DiviGear themes are-

❖ **Multipurpose Divi Child Theme:**

Multipurpose Divi Child Theme is a solitary theme for any Business website. It's exclusive, stylish & Modern. Make a site with few clicks, It's that easy!

❖ **Business Divi Child Theme:**

Business is a premium Divi child theme intended to be used for any type of business/corporates / Agency/product websites with modern design and great compatibility. Make a site with few clicks, It's that easy!

2. DiviFlash.

DiviFlash offers you 30+ Divi modules in a Divi premium plugin to design an amazing website that will stand out. Without any coding skills, DiviFlash is the best Divi plugin that will allow you to develop splendid websites. DiviFlash is the only plugin for Divi that helps you create a website like any PRO web developer.

Here's a list of Upcoming independent projects.

- ❖ Makeitwp.
- ❖ EchoaTheme.
- ❖ Flywithwp.
