LOGO MAKER

Logo is a visual display of what your company or brand stands for, and can be used to promote your brand.

Do you want to create a logo design that shares your passion, drive and vision? If the answer is YES then you are at the right place.

No matter what's your design knowledge level, you can create any simple, memorable, enduring, versatile and appropriate logo by using our app. You are totally free to tap into your hidden design skills by using our huge collection of templates, fonts, shapes, icons and the most effective design editor.

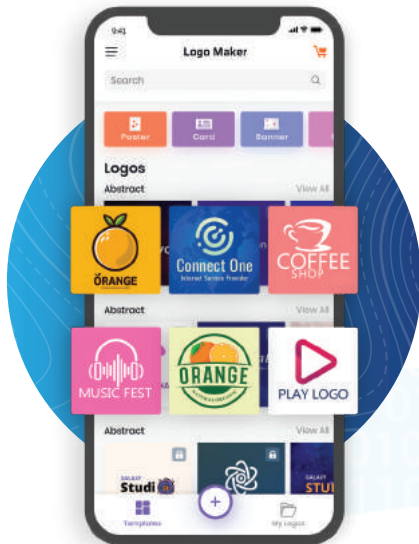

You will be totally amazed that how versatile our app is and the reason for that is you can't only create your logo but also can create flyers, posters, banners, business cards, PNG etc. which are all together at one place when you are using our app. And most importantly you will also be wondered how simple and user friendly a design editor can be.

You can download our app at free of cost and after creating your desired logos, banners, business cards, flyers posters or png you can get them with high resolution PNG and JPEG format which you can also use to print on your T-Shirts, Mugs, Book covers and whatever possible areas you want.

Now over to you. Design your own logo. So, get inspired and get creative! With all of the design resources mentioned above, you're well on your way!

SPECIAL FEATURES WHICH WILL ATTRACT YOU TO USE OUR APP:

- ✓ Lots of fully editable and customisable templates of logos, posters, flyers and business cards.
- ✓ Huge collection of various category elements.
- ✓ Multiple backgrounds, textures and colors.
- ✓ Lots of stylish fonts.
- ✓ Stylish and attractive watermark templates.

- ✓ Huge collection of different types of simple and gorgeous icons and shapes.
- ✓ Able to use own gallery image.
- ✓ All needed professional editing features like layering, rotation, virtual spacing, opacity, color edit, opacity, sizing, saturation, brightness, styling, alignment, caps etc.
- ✓ High resolution PNG and JPEG format download options

POSTER MAKER

Marvelous design materials are one of the keys of your stunning social media marketing and the related sectors.

We do value your concern by creating a masterpiece design app for you.

Don't screw up your brain about such designing stuff while we are here to help you to make your complex job as simple as possible, where you're getting a combined design tool for almost everything in one place!

Forget about your big computers; just use your phones or tabs to design the essential categories and make them significant by doing few magical taps within minutes.

What can you play with?

Astonishing Customizable Templates : We have huge collections of customizable ready to use templates available which will help you to make your desired design within short amount of time and obviously you can easily customize them all as your needs.

Prodigious Collection of Design Materials: You are willing to use you own ideas? No worries. Our app contains variety of material collection from where you can create your own stuffs easily and meaningfully.

Effortlessly Usable: Our app's design editor is so simple to use and effortless to play with it. You can do everything what you need to create a professional design by using all of the available editing features like layering, rotation, virtual spacing, opacity, color edit, re-sizing, saturation, brightness, styling, alignment, caps, filtering, effects, crops and many more.

BLUR PHOTO - BACKGROUND EFFECT

Just do few magical taps to blur unwanted objects from your captured photo by using our app!

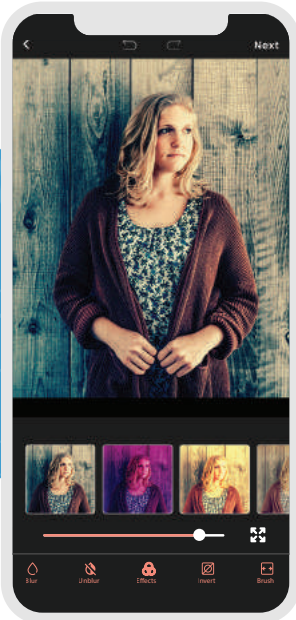

Photography is about discovering and exploring the world around us, and the apps that allow you to blur the background of your photos will help you create better images of your daily discoveries captured with a phone. Using different blur effects will undoubtedly assist you in creating more memorable images since you'll be able to highlight the subject of your photos and add a touch of artistic value to your photos.

Our app offers to do blur your photo with multiple impressive effects. You can easily create a realistic background blur in your photos. It also provides a set of tools for fine-tuning the blur effect. The app provides some wonderful filter effects and ability to choose the NORMAL mode to blur circularly or linearly, or use the BRUSH mode to brush any parts you want to blur.

You can also adjust the intensity of the blur. Feel free to play around with our app and see the beauty of your photos.

SPECIAL FEATURES:

- ✓ Blur unwanted objects with multiple effects.
- ✓ Unblur as your wish.
- ✓ Different types of filter for fine-tuning photos.
- ✓ Add overlay to your photos.
- ✓ Undo/Redo your work.
- ✓ Smooth brush to do more realistic edit.

NOLOG VPN - FAST STABLE PROXY

Hide your IP address and location, stay safe, and browse the internet without the fear of being watched and tracked when hopping on public Wi-Fi or any other network.

Use our VPN app to secure your browsing – so nobody will be able to spy on you, and you'll be anonymous and untraceable wherever you are. Unlimited time, Unlimited data, Unlimited bandwidth.

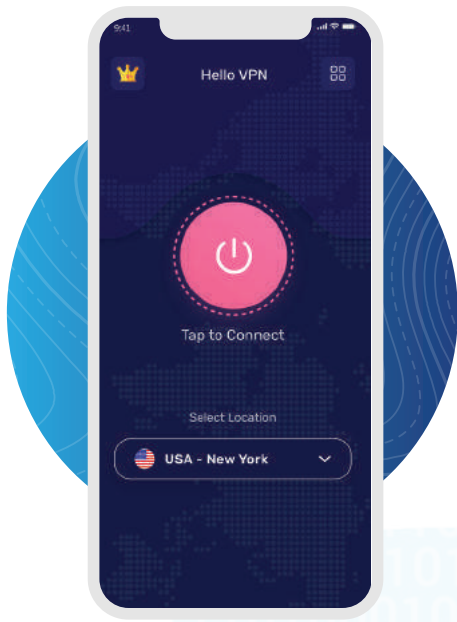

Our app gives you access to all websites and applications anywhere on the road. You can surf Netflix, Facebook, Youtube, Snapchat, Whatsapp, IMO, or stream on any social, music, or video platforms.

WHAT CAN YOU GET FROM US?

Privacy is our first priority:

As you are using our app to protect your privacy and in the same line, we are committed to doing that by not tracking your activity. Your password, personal data, and web browsing history are secured, and you are protected from hacker attacks.

Ultra-Fast Access:

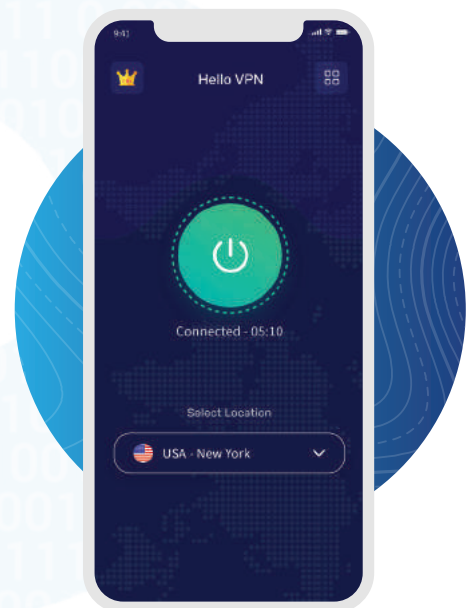

It's our pleasure to give you the opportunity to use the fastest VPN app wherever you are. Your connection will be significantly faster when we connect you to the best nearest server around you.

As Easy as Possible:

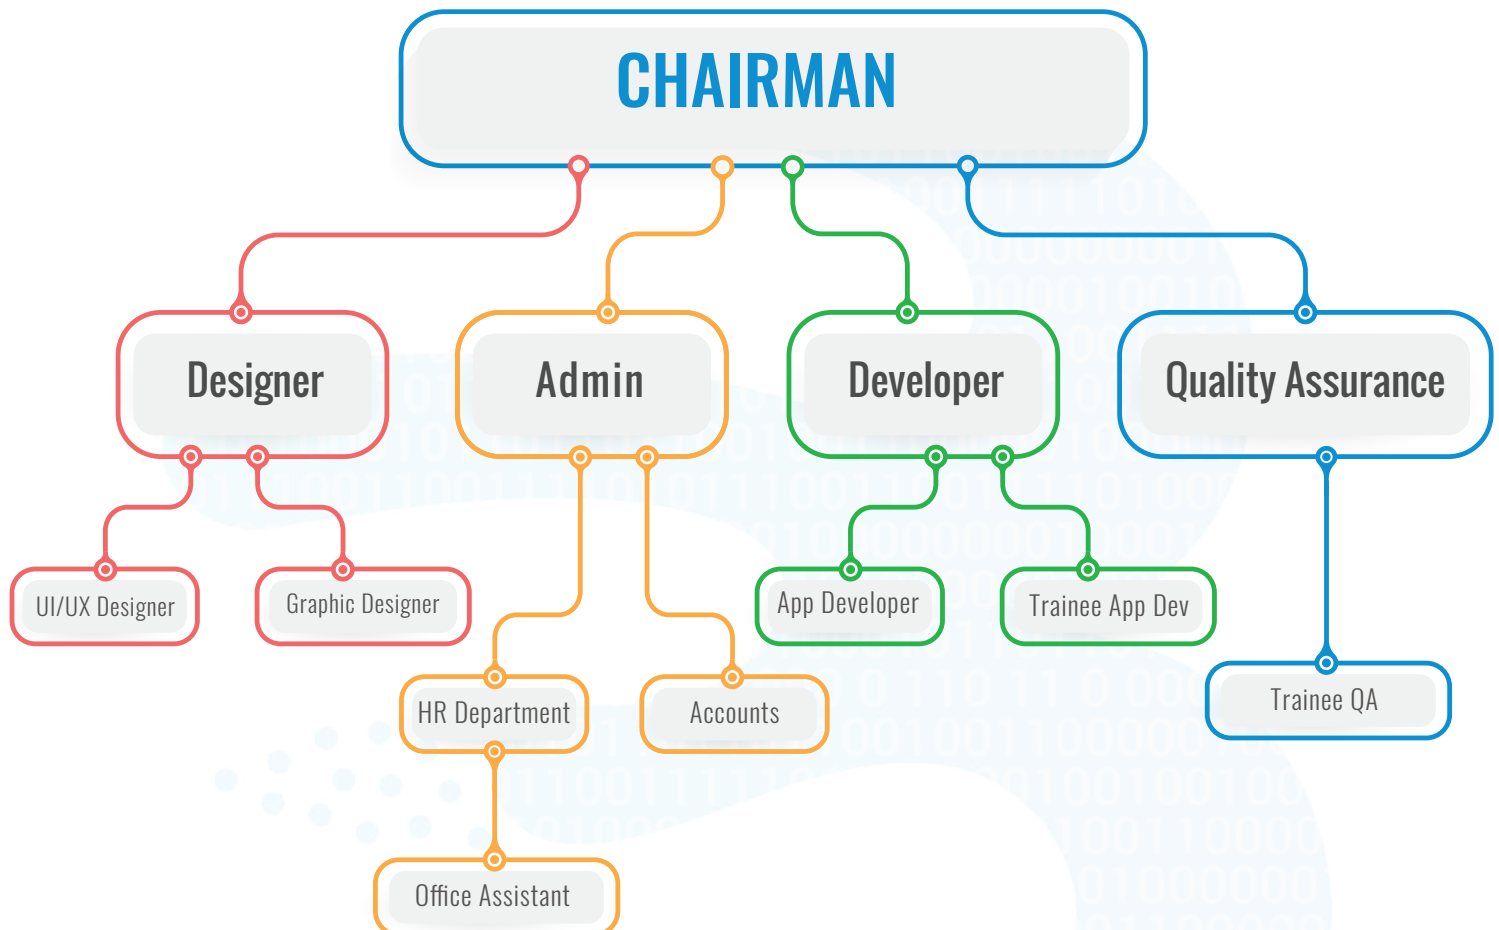

You are fully secured, and your privacy is highly protected on the web by our app, but it's very easy to do with just one magical tap.

Help and Support:

We are here to give you the best support you can get. Just reach out to us if you face any issues, and within a short time, we will be at your side to guide you step by step to solve the problems.
