ABOUT OUR COMPANY

WHO WE ARE

Founded in Dhaka, Bangladesh in 2020, Newroz Technologies is dedicated to transforming innovative ideas into successful tech products. We leverage the power of technology to meet organizational needs, expertly navigating digital transformation challenges.

At Newroz, we place great emphasis on creating exceptional customer experiences and maintaining uncompromising integrity, as we believe these two elements are fundamental to our sustainability. We cherish client feedback, considering it a tool for continuous improvement.

We offer tailor-made, industry-specific services while ensuring feasibility. Our growth has been driven by positive referrals from our contented clients, enhancing our global footprint.

Our core services include comprehensive IT Consultancy, IT Implementation, Web-Based Application Development, Custom Software Development, Mobile App Development, Cloud Consultancy, and Artificial Intelligence & Machine Learning solutions, all coupled with captivating website design.

OUR MISSION

Our mission is to act as the catalyst for businesses, aiding them in leveraging the power of technology to expedite their digital transformation journey. We aim to shape dreams into reality, turning visionary ideas into technological success stories.

OUR VISION

Our vision is to pioneer the future of business transformation, continuously pushing the boundaries of what's possible with technology. We envision a world where businesses are empowered by digital innovation, accelerating their growth and driving profound impact on a global scale

OUR CLIENTS

At Newroz Technologies, we uphold the highest standards of excellence, validated by our key accreditations and distinguished memberships.

OUR SERVICES

Web App Development

With a team of seasoned developers at our disposal, we construct robust, user-friendly web applications, meticulously designed to align with your business needs. From minimalist websites to intricate web portals, our solutions serve as catalysts for growth and efficiency.

Mobile App Development

Adhering to a mobile-first philosophy, we conceptualize, design, and deploy innovative mobile applications across various platforms. Our aim is to provide seamless user experiences, extending your business's reach in the increasingly mobile-driven market.

Cloud Consultancy

We harness the transformative power of cloud technologies to give businesses an edge. Our experts guide you through every step of the process, from migration and architecture design to security optimization, ensuring you benefit from scalable, secure cloud solutions.

Custom Software Development

Recognizing the unique nature of each business, we excel in devising bespoke software solutions. Our offerings are not just aligned with your processes and objectives, but are designed to provide a distinct competitive advantage in your respective industry.

OUR SERVICES

UI/UX Design

Our team of innovative UI/UX designers focuses on creating visually captivating and user-centric interfaces. These are tailored to not only enhance user satisfaction but also boost user adoption, cultivating exceptional digital experiences.

Blockchain

Harnessing the transformative potential of blockchain technology, we build decentralized applications and intelligent contracts. These offer secure, transparent, and tamper-proof solutions, catering to a variety of industry needs.

Software Testing

Quality and reliability form the bedrock of our software offerings. Our adept testing team leverages rigorous testing methodologies to spot and rectify issues, ensuring the delivery of robust, flawless applications.

E-KYC Verification Services

In an era where regulatory compliance is crucial, our E-KYC verification services provide a streamlined and effective approach to identity verification. This helps meet stringent compliance standards and safeguards your business against potential risks.

ROAD MAP

newroz
EMPOWERING BUSINESSES WITH ADVANCED TECHNOLOGY

2017 Initial Growth and Expertise

We concentrated on assembling an expert team and mastering key technologies. Our focus on delivering small to medium-sized projects honed our expertise.

2017

2019 Expansion and Diversification

Newroz experienced significant growth, diversifying into domains like e-commerce, finance, and healthcare. Our innovative, reliable solutions boosted our reputation.

2019

2022 Focus on Customer-Centric Solutions

We prioritized strengthening customer relationships and understanding their needs. Implementing Agile methodologies and customizing solutions heightened our service efficiency.

2022

Scaling New Heights

To manage complex projects, we expanded our team and infrastructure, investing heavily in R&D to create advanced solutions. Thus, Newroz emerged as a go-to technology partner worldwide.

2024

Transforming Business Using Technology

Originating in the Middle East in 2016, Newroz set out with a clear vision: "Transforming Business Using Technology". As a software development company, we strive to create innovative solutions that fulfill the needs of both businesses and their customers, embodying our commitment to transformation and growth

OUR TEAM

At Newroz Technologies, we believe that unity is strength. The collective vision and shared goals that our team pursues have been instrumental in shaping our steady ascent to success. From our humble beginnings with just a 10-strong team, we have grown to a workforce of over 70 dedicated individuals, spread across seven specialized departments. With more than 30 successful projects under our belt, we continue to serve our expanding clientele, driven by the bonds we've forged within our team.

Project Manager Team

Harmonizing all teams, driving each project to success.

Developer Team

Innovators at heart, expertly crafting collaborative solutions.

Administrative Team

Ensuring smooth operations, enabling focus and efficiency.

Design Team

Creative minds crafting delightful user experiences.

SQA Team

Meticulous experts ensuring impeccable software quality.

DevOps Team

Embodying agility for seamless integration and delivery.

Business Team

Driving strategic growth, securing Newroz's prosperous future.

RECENT WORKS
