WHO WE ARE

Inleads IT was established in 2009 in Bogura, Bangladesh with a vision to provide businesses with top-notch web-based services.

Our team consists of highly experienced professionals who specialize in various fields and utilize cutting edge technology to deliver a personalized experience to our clients.

We offer a guarantee of both quality and timely delivery. Our success is directly linked to that of our clients, and we always strive for excellence in everything we do. At Inleads IT, we have had the privilege of working with a wide range of companies worldwide, which has given us valuable insights into the ever-changing online environment.

In 2022, we expanded our operations by launching the Career Development Zone (CDZ) with the goal of helping the unemployed population in our area develop their IT skills. By providing top-quality training, we hope to equip individuals with the necessary expertise to work with us or serve clients globally. Our IT team has recruited the best teaching professionals in the field, and over the past year, we have successfully run a range of courses and batches in:

- Basic Computer & Freelancing (2 Months)
- Digital Marketing (3 Months)
- Graphics Design (3 Months)
- Web Design & Development (3 Months)

FEW WORDS FROM FOUNDERS

Nupur Akter
Chairman

Our mission at Inleads IT has always been to empower individuals by providing them with the skills and knowledge necessary to succeed in the IT industry. Through the Career Development Zone, we aim to train and develop individuals from all backgrounds, so they can reduce poverty and achieve financial stability through employment.

We firmly believe that skill & training is the key to unlocking opportunities and creating a better future for everyone, and we are dedicated to making a positive impact through our work.

At Inleads IT, we recognize the importance of providing opportunities to those who are less fortunate. Our focus on training and development is aimed at creating skilled individuals who can contribute to the IT industry and ultimately, improve their quality of life. Our dedication to quality skill and training and commitment to empowering individuals is a testament to our values and our mission to create positive change in the world.

OUR TOURS

WHAT WE DO?

Web Design & Development

Websites have prime importance before starting any business. Inleads IT is applying the perfect strategy to create the exemplary website for local and International markets. Well-planned design and expert developers are providing the best solutions, exactly what our clients want. We always take a personal consultative approach to designing and building your website.

Software and ERP Solutions

Inleads is a leading provider of Custom software and ERP solutions. We offer a wide range of products and services to help businesses optimize their operations and improve efficiency. Our solutions are designed to be user-friendly and customizable to meet the specific needs of each client with top-notch customer service and support.

E-Commerce Solutions

Custom eCommerce solutions is one of our top-rated services in the local and international market. We offer a comprehensive suite of tools and services to help businesses build and grow their online presence. Their solutions are designed to be user-friendly, and integrated with most secured payment gateways.

Digital Marketing

Inleads It is helping businesses to grow their online presence and reach new customers. We have a team of experienced professionals who specialize in various aspects of digital marketing such as SEO, PPC, Social media marketing, Content marketing and Email marketing. We have a tailored and data-driven approach that ensures that our clients get the best return on investment.

Skills Development/Training

Investing in skills development and training not only benefits individuals, but also contributes to the growth and success of organizations. In InleadsIT Career Development Zone we prepare our students for successful careers in the IT sector by giving them the opportunity to gain hands-on experience through internships, projects, and other real-world applications of their knowledge.

WHY CAREER DEVELOPMENT ZONE?

The Career Development Zone (CDZ) was created by Inleads IT in 2022 to provide high-quality IT training to individuals seeking to improve their skills. Our mission is to empower individuals with the skills and knowledge necessary to succeed in the IT industry.

Our team of highly experienced professionals uses cutting-edge technology to deliver personalized education to our students. We offer courses such as Basic Computer & Freelancing, Digital Marketing, Graphics Design, and Web Design & Development to create skilled individuals who can contribute to the IT industry and improve their quality of life.

At the Career Development Zone, we believe that acquiring new skills is not just a hobby, but an investment in oneself and one's future. Our focus on training and development is aimed at creating skilled individuals who can reduce poverty and achieve financial stability through employment.

Our courses are designed to provide individuals with the most relevant and up-to-date knowledge and skills in the IT industry. We are committed to ensuring that our students receive practical training that can be applied to real-world situations.

In conclusion, the Career Development Zone is the ideal choice for individuals seeking to improve their IT skills and create a better future for themselves. Choose the Career Development Zone today and invest in your future.

OUR LAB FACILITIES

At the Career Development Zone, we understand the importance of providing our students with the best possible learning environment. Our state-of-the-art lab facilities are equipped with high-end iMac Apple devices. This powerful hardware allows our students to work with the latest software and technologies, enabling them to gain hands-on experience in the IT industry. This powerful hardware allows our students to work with the latest software and technologies, enabling them to gain hands-on experience in the IT industry.
